Second Regular Session, 89th General Assembly

FIFTY-FIRST DAY, Thursday, April 9, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Cheryl L. Tatham.

We come to the close of this week, O Lord, hoping that what we have done has been good and beneficial. We hope that the lives we have touched will be strengthened and enhanced - whether it's through the protection of a spouse or children from abuse or the process of developing boundaries for schools. The work here in this chamber is serious business precisely because it DOES affect lives. From the simplest acts of legislation to the most serious debates of life and death, lives across this state will be affected by what happens within these walls.

Much is asked of those who have been chosen to represent the people of this state. May each person here take seriously his or her responsibility and may each one consider the scope of their authority as they respond to the issues presented them. Let them be open to new visions and insights, to new perspectives and understandings.

In all things, Gracious God, walk with them through each day, lifting them up when they are weary and undergirding their efforts when done in the spirit of Your love for all humanity. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Julianne Helen Martin, Christine Michelle Garrett, Jacob Malvitz, Nathan Getman, Erin Smith, Teresa Alvarez, Brandon Lomba, Lisa Fisher, Carmen Robinson, Greg O'Neil, Allen Hamilton, Jacob Wagner, Cari Ann Bergner, Anthony Payne, Madelynn Gross, Scott Grim, Jr. and Nancy Faye Grim.

The Journal of the fiftieth day was approved as corrected.

Representative Backer suggested the absence of a quorum.

WHEREAS, born in Sedalia on May 9, 1925, Ralph Hedrick attended schools in Sedalia and Appleton City and went on to distinguish himself in the United States Navy through active duty in the Pacific during World War II,

House Journal

Second Regular Session, 89th General Assembly

FIFTY-THIRD DAY, Tuesday, April 14, 1998

Representative Scheve in the Chair.

Prayer by Father Hugh Behan.

"This is the day that the Lord has made, let us rejoice and be glad in it." (Ps. 118:24)

The glorious Spring weather and the chance to celebrate Easter and Passover at home with friends and family set the tone for the opening of this short week as we fix our eyes on the work yet remaining in this session. Our prayers and thoughts go out to those who suffered here in Missouri from the severe weather this weekend and the devastation done all over the nation earlier.

This afternoon, gracious God, we pray for all that needs to be done yet and for the accomplishments that have taken place. We give thanks for the message of the holy days, the strength we draw from family and the challenge that is posed by Your message which is set over against the values we often absorb from the world and the temptation to compromise core principles for short-term gain. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Sankha Banerjee, Robert Jenke, Dorneshea Bailey, Jennifer Hoffman, Trevor Sheade, Leigh Tettinger, Hyung-Min Park, Angela Grana, Jennifer Rector, Jared Houk, Ann Schmedding, Angela Bolejack, Jinna Green, Jared Meyer, Cody Moss, Ashley Guest, Emily Counce, Trisha Counce, Bret Watkins and Clay Watkins.

The Journal of the fifty-first day was approved as corrected.

The Journal of the fifty-second day was approved as printed.

House Journal

Second Regular Session, 89th General Assembly

FIFTY-FOURTH DAY, Wednesday, April 15, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Hugh Behan.

"The fear of the Lord is the beginning of knowledge." (Pr. 1:7).

A journalist recently quoted part of one of the prayers from early in the session and made a sarcastic reference to it as not being exciting. These prayers are not really designed to be exciting or entertaining, even if we do insert some humor into them once in a while.

Gracious God, help us to make this a time of prayer, of centering, of making You the beginning place from which we start. We know that there are many pressures on all of us to stray from Your path, to go it alone or to follow the crowd in ways that separate us from the Anchor which is Your law written in our hearts. May reference to prayer not be merely an excuse we make to do wrong things and may religion or a faith not be a crutch to back our pet desires or re-enforce our prejudices with faulty rationalization. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Benjamin Charles Petty, Anna Irene Schuler, Eric Robert Turner, Jacqueist Carolann Bond, Brian Royce Chavis, Latasha Denise Dora, Jonathan Crosby Duke, Britney Werle, Kara Lindeman, Kristin Gudmundsson, Mandy Brown, Samantha Fox, Kara Savage, Lisa Khalil, Josh Rickelmann, Alicia Peek, Jaclyn Bajier, Casey Pisciotta, Laura Eckart, Joe Spirk, Sarah Sholar, Laura Spore, Seth Tyre, Felicia Hayes, Whitney Thomas, Bejay Nichols, Dominque Falls, Samantha Shepard, Jared Miller, Ryan Talley, Brianna Thompson, Anthony Meadows, Robin Bischof, Julia Denkins, Shannon Griffin, Tasha Jones, Laura Tessens, Megan Briney Bischof, Adam Joseph Thiele, Matthew Schanuel, Emily Locke and Michael Kuba.

The Journal of the Fifty-third day was approved as corrected.

House Amendment No. 13

AMEND House Substitute No. 2 for House Committee Substitute for House Bill No. 1674, Page 12, Section 67.130,

Line 8, by inserting immediately after said line the following:

"99.805. As used in sections 99.800 to 99.865, unless the context clearly requires otherwise, the following terms shall mean:

(1) "Abandoned property", real property previously used for, or which has the potential to be used for, commercial or industrial purposes which reverted to the ownership of the state, a county, or municipal government, or an agency thereof, through donation, purchase, tax delinquency, foreclosure, default or settlement, including conveyance by deed in lieu of foreclosure or a privately owned property endorsed by the city, or county if the property is not in a city, for inclusion in the program which will be transferred to a person other than the potentially responsible party as defined in chapter 250, RSMo, and has been vacant or underutilized;

[(1)] ***(2)*** *"Blighted area", an area which, by reason of the predominance of defective or inadequate street layout, unsanitary or unsafe conditions, deterioration of site improvements, improper subdivision or obsolete platting, or the existence of conditions which endanger life or property by fire and other causes, or any combination of such factors, retards the provision of housing accommodations or constitutes an economic or social liability or a menace to the public health, safety, morals, or welfare in its present condition and use;*

[(2)] ***(3)*** *"Collecting officer", the officer of the municipality responsible for receiving and processing payments in lieu of taxes or economic activity taxes from taxpayers or the department of revenue;*

[(3)] ***(4)*** *"Conservation area", any improved area within the boundaries of a redevelopment area located within the territorial limits of a municipality in which fifty percent or more of the structures in the area have an age of thirty-five years or more. Such an area is not yet a blighted area but is detrimental to the public health, safety, morals, or welfare and may become a blighted area because of any one or more of the following factors: Dilapidation; obsolescence; deterioration; illegal use of individual structures; presence of structures below minimum code standards; abandonment; excessive vacancies; overcrowding of structures and community facilities; lack of ventilation, light or sanitary facilities; inadequate utilities; excessive land coverage; deleterious land use or layout; depreciation of physical maintenance; and lack of community planning. A conservation area shall meet at least three of the factors provided in this subdivision for projects approved on or after December 23, 1997[, the effective date of this section as it appears in senate bill no. 1 of the second extraordinary session of the eighty-ninth general assembly];*

[(4)] ***(5)*** *"Economic activity taxes", the total additional revenue from taxes which are imposed by a municipality and other taxing districts, and which are generated by economic activities within a redevelopment area over the amount of such taxes generated by economic activities within such redevelopment area in the calendar year prior to the adoption of the ordinance designating such a redevelopment area, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments. For redevelopment projects or redevelopment plans approved after December 23, 1997[, the effective date of this section as it appears in senate bill no. 1 of the second extraordinary session of the eighty-ninth general assembly], if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;*

[(5)] ***(6)*** *"Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:*

(a) Discourage commerce, industry or manufacturing from moving their operations to another state; or

(b) Result in increased employment in the municipality; or

(c) Result in preservation or enhancement of the tax base of the municipality;

[(6)] ***(7)*** *"Gambling establishment", an excursion gambling boat as defined in section 313.800, RSMo, and any related business facility including any real property improvements which are directly and solely related to such business facility, whose sole purpose is to provide goods or services to an excursion gambling boat and whose majority ownership interest is held by a person licensed to conduct gambling games on an excursion gambling boat or licensed to operate an excursion gambling boat as provided in sections 313.800 to 313.850, RSMo. This subdivision shall be applicable only to a redevelopment area designated by ordinance adopted after December 23, 1997[, the effective date of this section as it appears in senate bill no. 1 of the second extraordinary session of the eighty-ninth general assembly];*

[(7)] ***(8)*** *"Municipality", a city, village, or incorporated town or any county of this state. For redevelopment areas or projects approved on or after December 23, 1997[, the effective date of this section as it appears in senate bill no. 1 of the second extraordinary session of the eighty-ninth general assembly], "municipality" applies only to cities, villages, incorporated towns or counties established for at least one year prior to such date;*

[(8)] ***(9)*** *"Obligations", bonds, loans, debentures, notes, special certificates, or other evidences of indebtedness issued by a municipality to carry out a redevelopment project or to refund outstanding obligations;*

[(9)] ***(10)*** *"Ordinance", an ordinance enacted by the governing body of a city, town, or village or a county or an order of the governing body of a county whose governing body is not authorized to enact ordinances;*

[(10)] ***(11)*** *"Payment in lieu of taxes", those estimated revenues from real property in the area selected for a redevelopment project, which revenues according to the redevelopment project or plan are to be used for a private use, which taxing districts would have received had a municipality not adopted tax increment allocation financing, and which would result from levies made after the time of the adoption of tax increment allocation financing during the time the current equalized value of real property in the area selected for the redevelopment project exceeds the total initial equalized value of real property in such area until the designation is terminated pursuant to subsection 2 of section 99.850;*

[(11)] ***(12)*** *"Redevelopment area", an area designated by a municipality, in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as a blighted area, a conservation area, an economic development area, an enterprise zone pursuant to sections 135.200 to 135.256, RSMo, or a combination thereof, which area includes only those parcels of real property directly and substantially benefited by the proposed redevelopment project;*

[(12)] ***(13)*** *"Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, conservation area, economic development area, or combination thereof, and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. Each redevelopment plan shall conform to the requirements of section 99.810;*

[(13)] ***(14)*** *"Redevelopment project", any development project within a redevelopment area in furtherance of the objectives of the redevelopment plan; any such redevelopment project shall include a legal description of the area selected for the redevelopment project;*

[(14)] ***(15)*** *"Redevelopment project costs" include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan or redevelopment project, as applicable. Such costs include, but are not limited to, the following:*

(a) Costs of studies, surveys, plans, and specifications;

(b) Professional service costs, including, but not limited to, architectural, engineering, legal, marketing, financial, planning or special services. Except the reasonable costs incurred by the commission established in section 99.820 for the administration of sections 99.800 to 99.865, such costs shall be allowed only as an initial expense which, to be recoverable, shall be included in the costs of a redevelopment plan or project;

(c) Property assembly costs, including, but not limited to, acquisition of land and other property, real or personal, or rights or interests therein, demolition of buildings, and the clearing and grading of land;

(d) Costs of rehabilitation, reconstruction, or repair or remodeling of existing buildings and fixtures;

(e) Initial costs for an economic development area;

(f) Costs of construction of public works or improvements;

(g) Financing costs, including, but not limited to, all necessary and incidental expenses related to the issuance of obligations, and which may include payment of interest on any obligations issued pursuant to sections 99.800 to 99.865 accruing during the estimated period of construction of any redevelopment project for which such obligations are issued and for not more than eighteen months thereafter, and including reasonable reserves related thereto;

(h) All or a portion of a taxing district's capital costs resulting from the redevelopment project necessarily incurred or to be incurred in furtherance of the objectives of the redevelopment plan and project, to the extent the municipality by written agreement accepts and approves such costs;

(i) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or are required to be paid by federal or state law;

(j) Payments in lieu of taxes;

(16) "Retail enterprise", any retail activity classified as SICs 52 through 59;

(17) "SIC", the standard industrial classification as such classifications are defined in the 1987 edition of the Standard Industrial Classification Manual as prepared by the executive office of the president, office of

management and budget;

[(15)] ***(18)*** *"Special allocation fund", the fund of a municipality or its commission which contains at least two separate segregated accounts for each redevelopment plan, maintained by the treasurer of the municipality or the treasurer of the commission into which payments in lieu of taxes are deposited in one account, and economic activity taxes and other revenues are deposited in the other account;*

[(16)] ***(19)*** *"Taxing districts", any political subdivision of this state having the power to levy taxes;*

[(17)] ***(20)*** *"Taxing districts' capital costs", those costs of taxing districts for capital improvements that are found by the municipal governing bodies to be necessary and to directly result from the redevelopment project; [and]*

(21) "Underutilized", an otherwise abandoned property of which less than twenty-five percent of its floor space is occupied by an existing business whose SIC number is different from that of a proposed business to be located on the property. In addition, the property's highest and best use, as determined by the department of economic development may be achieved by the location of the proposed business upon it; and

[(18)] ***(22)*** *"Vacant land", any parcel or combination of parcels of real property not used for industrial, commercial, or residential buildings.*

99.871. Tax increment financing, as provided for in sections 99.800 to 99.865, shall not be utilized for any redevelopment projects that are primarily retail enterprises. For the purposes of this section, "primarily" means that at least fifty-one percent of the area of the redevelopment project is reserved for retail enterprises. Tax increment financing shall be available, however, for redevelopment projects that are primarily retail enterprises if the redevelopment project is located within a redevelopment area that:

(1) Is part of a federal enterprise zone; or

(2) Has at least seventy-five percent of the residents living within a one-mile radius of the proposed site with incomes below seventy-five percent of the median income of all residents within the state of Missouri according to the last decennial census, and the level of unemployment of persons residing within a one-mile radius of the proposed site according to the most recent data available from the division of employment security or from the United States Bureau of the Census, exceeds one and one-half times the average rate of unemployment from the state of Missouri over the previous twelve months; or

(3) Has been underutilized property for at least three years.*"; and*

Further amend said bill's title and enacting clause accordingly.

House Journal

Second Regular Session, 89th General Assembly

FIFTY-FIFTH DAY, Thursday, April 16, 1998

Speaker Gaw in the Chair.

Prayer by Father Hugh Behan.

"A good tree cannot bear bad fruit, nor can a bad tree bear good fruit." (Matthew 7:18)

The President had another in his series of town hall meetings on race relations this week. Racial dis-unity is a poison destroying the soul of this nation. It is also a bad fruit affecting so much else in the orchard - the economy, family life, the resources being used for welfare, crime and punishment are drained from other needs.

Gracious God, heal us of this evil. Pluck this bad fruit, this poisoned tree from Your orchard where we are pledged to "justice for all". Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Adriana Hernandez, Tina Ciapciak, Ann Notestine, Alexandra Kister, Adam Arni, Danielle Hart, Ashton Bryson, Tony Fisher, Annemarie Heise, Rachael Schaffner, Kenyon Klousia, Brendon Zee Cheng, Amna Abdallah, Alicia Brown, Kayliegh Kirkland, Katie Lemonds, Ericka Russell, Kyle Burnett, Sean McLafferty, Jamie Lee, Michael Brasher, Amelia Becker, Chris Merrill, Chris Pershall, Gracie Shocklee, Nick Dreyer, Harmony Watson, Paul Dillon, Alex Luebbert, Martin Toft, Marissa Rockwell, Erica Marshall, Jeff Potzman, Adam Hill, Caleb Lawrence, Chris Barnhart, Meghan Stanislaus, Jonathan Howerton, Dohnavan Woods, Stacy Shaw, Johnathan Woods, William Hyde, Katie Lindley, Lauren Williams, Stephanie Hanes, Amber Wilmes, James Ciak, Terry Bennett, Wilford Barrett, Kalif Barnes, Krystol Roberson and Mykol Williamson.

Second Regular Session, 89th General Assembly

FIFTY-EIGHTH DAY, Tuesday, April 21, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Brent Haworth.

O God, as we welcome another beautiful day, we thank You that You are the Creator of all good things in our lives and in our world. We confess that far too often we take so many of the blessings You bestow upon us for granted. May we have an openness of spirit to all that You continue to do, renewing and rebuilding Your creation.

Particularly today, O God, it is an honor to pray with this assemblage of the leaders of our State's government. I would ask that You would give them the insight of our Lord when He taught, "For I was hungry and you gave me food; I was thirsty and you gave me something to drink; I was a stranger and you welcomed me; I was naked and you gave me clothing; I was sick and you took care of me; I was in prison and you visited me. As you did it to the least of these, you did it for me." (Matthew 25:35-36, 40)

We thank You again for the blessings of life, freedom, and especially I'm thankful for all these willing to serve to better our State.

In Jesus' Blessed Name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: William Myers Godar, Chris Rumpsa, Brian Giammanco, Nicole Ilg, Karen Shaffer, Tracey Purgason, Kelly Rudroff, Melissa Rechtien, Anthony DiSalvo, Ryan Lancaster, April Murhammer, Aaron Killam, Laura Snyder, Hanna Pickering, Vicki Nyemchek, Nate Gilbert, Ryan Lucas, Ashley Jones, Sara Nicely, Daniel Bogard, Meghana Patel, Joseph LaManna, Eric Shieh, Blair Hood, Maureen Martz, Nate Stein, Matt Wilcox, Nick Cady, Joseph Fetter, Thomas Mulvihill, Helen Robichaux, Lindsey Conley, Christopher Wells, Ashley Crain, Brandon Dittemore, Laren Vickers, Eriq Gaskill, Brennon Kristek, Catherine Elizabeth Kristek, John Robert Hedgpeth, Haley Quinn, Kristiana Bartelsmeyer, Tara Temmen, Mia White, Lakecha Hancock, Elizabeth Kellim, Stephanie Nolan, Kayce

"454.390. The division shall [respond within five business days to] **use high-volume automated administrative enforcement, to the same extent as used in intrastate cases, in response to** a request made by another state child support agency to enforce a support order **and promptly report the results to the requesting state**. If the division provides assistance to another state in such a case, neither this state nor the requesting state shall

consider the case to be transferred to its caseload; however, the division shall maintain records of the number of such interstate requests for assistance, the number of cases for which support was collected and the amounts of such collections. The division is authorized to transmit to another state, by electronic or other means, a request for assistance in a case involving the enforcement of a support order. Such request shall:

(1) Include information to enable the receiving state to compare the information about the case to the information in state databases; and

(2) Constitute a certification by the division of the arrearage amount under the order and that the division has complied with all applicable procedural due process requirements as provided for in this chapter.

454.408. The division of child support enforcement:

(1) Shall determine whether a person who has applied for or is receiving assistance from a program funded pursuant to Part A **or Part E** or Title IV [or] **of the Social Security Act,** Title XIX of the Social Security Act **or the Food Stamp Act** is cooperating in good faith with the division in establishing the paternity of, or in establishing, modifying or enforcing a support order for any child of such person by providing the division with the name of the noncustodial parent or any other information the division may require. The division may, by regulation, excuse compliance with the provisions of this subsection on a case-by-case basis for good cause or other exceptions as the division may deem to be in the best interest of the child;

(2) Shall require as a condition of cooperation that such person supply additional information deemed necessary by the division and appear at any interviews, hearings or legal proceedings;

(3) Shall require as a condition of cooperation that such person and such person's child submit to genetic testing pursuant to a judicial or administrative order;

(4) May request that such person sign a voluntary acknowledgment of paternity, after notice of the rights and consequences of such an acknowledgment, but may not require such person to sign an acknowledgment or otherwise relinquish the right to a genetic test as a condition of cooperation and eligibility for assistance from a state program funded pursuant to Part A **or Part E** of Title IV [or] **of the Social Security Act,** Title XIX of the Social Security Act **or the Food Stamp Act**; and

(5) Shall promptly notify such person, the division of family services or the division of medical services of every determination made pursuant to this section, including a determination that such person is not cooperative and the basis for such determination.

454.413. 1. Each party to a paternity or child support proceeding establishing, modifying or enforcing a support order pursuant to chapter 210, RSMo, chapter 211, RSMo, chapter 452, RSMo, or chapter 454, shall file with the [court or division where such proceeding is pending, and with the court or division for the] state case registry upon entry of an order, information on the location and identity of such party including the party's social security number, residential address, mailing address, telephone number, driver's license number and the name, address and telephone number of the party's employer. If such information changes, such party shall provide the new information to the [court or division] **state case registry** within thirty days of any such change.

2. In any subsequent child support enforcement action between the parties, the court or division [may] **shall** deem that the due process requirements for notice and service of process are met with respect to such party upon a sufficient showing that diligent effort has been made to ascertain the location of a party **including written notice by certified mail to the last known address of the party and attempted service by publication**, and written notice has been delivered to the most recent residential or employer address of such party filed with the [court or division] **state case registry**.

The circuit clerk shall make such credits upon receipt of paper or electronic documentation of the amount of the credit from the division and verification of the authenticity of the documentation by the circuit clerk.

4. The director of the department of social services shall apply to the United States Secretary of Health and Human Services for all waivers of requirements under federal law necessary to implement the provisions of subsection 3 of this section.

5. Credits shall be entered on the trusteeship record for direct and in-kind payments received by the custodial parent when [all parties to the support order file] **the custodial parent files** an affidavit stating the particulars of the direct and in-kind payments to be credited on the court record with the circuit clerk; however, no such credits shall be entered for periods during which child support payments are assigned to the state pursuant to law. Such credits may include, but shall not be limited to, partial and complete satisfaction of judgment for support arrearages.

6. Nothing contained in this section shall prohibit satisfaction of judgment as provided for in sections 511.570 to 511.620, RSMo, and by supreme court rule.

Anyone who purposely or knowingly violates this subsection is guilty of a class A misdemeanor.

454.455. 1. In any case wherein an order for child support has been entered and the legal custodian and obligee pursuant to the order relinquishes physical custody of the child to a caretaker relative without obtaining a modification of legal custody, and the caretaker relative makes an assignment of support rights to the division of family services in order to receive aid to families with dependent children benefits, the relinquishment and the assignment, by operation of law, shall transfer the child support obligation pursuant to the order to the division in behalf of the state. The assignment shall terminate when the caretaker relative no longer has physical custody of the child, except for those unpaid support obligations still owing to the state pursuant to the assignment at that time.

2. As used in subsection 1 of this section, the term "caretaker relative" includes only those persons listed in subdivision (2) of subsection 1 of section 208.040, RSMo.

Such order shall terminate when the caretaker relative no longer has physical custody of the child, **or the state agency is relieved of legal custody,** except for the unpaid support obligations still owed to the caretaker relative.

4. If there has been an assignment of support to an agency or division of the state or a requirement to pay through a state disbursement unit, the division may, upon notice to the obligor and obligee, direct the obligor or other payor to change the payee to the appropriate state agency.

Further amend said bill, Page 82, Section 454.505, by deleting all of said section and inserting in lieu thereof the following:

"454.490. 1. A true copy of any order entered by the director pursuant to sections 454.460 to 454.997, along with a true copy of the return of service, may be filed with the clerk of the circuit court in the county in which [either the parent or the dependent child resides] **the judgment of dissolution or paternity has been entered, or if no such judgment was entered, in the county where the support order was filed**. Upon filing, the clerk shall enter the order in the judgment docket. Upon docketing, the order shall have all the force, effect, and attributes of a docketed order or decree of the circuit court, including, but not limited to, lien effect and enforceability by supplementary proceedings, contempt of court, execution and garnishment. Any administrative order or decision of the division of child support enforcement filed in the office of the circuit clerk of the court shall not be required to be signed by an attorney, as provided by supreme court rule of civil procedures 55.03(a), or required to have any further pleading other than the director's order.

2. In addition to any other provision to enforce an order docketed pursuant to this section or any other support order of the court, the court may, upon petition by the division, require that an obligor who owes past due support [to a child receiving assistance under Part IV-A of the Social Security Act] to pay support in accordance with a plan approved by the court, or if the obligor is subject to such plan and is not incapacitated, the court may require the obligor to participate in work activities.

3. In addition to any other provision to enforce an order docketed pursuant to this section or any other support order of the court, division or other IV-D agency, the director may order that an obligor who owes past due support [to a child receiving assistance under Part IV-A of the Social Security Act] to pay support in accordance with a plan approved by the director, or if the obligor is subject to such plan and is not incapacitated, the director may order the obligor to participate in work activities. The order of the director shall be filed with a court pursuant to subsection 1 of this section and shall be enforceable as an order of the court.

4. As used in this section, "work activities" include:

(1) Unsubsidized employment;

(2) Subsidized private sector employment;

(3) Subsidized public sector employment;

(4) Work experience (including work associated with the refurbishing of publicly assisted housing) if sufficient private sector employment is not available;

(5) On-the-job training;

(6) Job search and readiness assistance;

(7) Community services programs;

(8) Vocational educational training, not to exceed twelve months for any individual;

(9) Job skills training directly related to employment;

(10) Education directly related to employment for an individual who has not received a high school diploma or its equivalent;

(11) Satisfactory attendance at a secondary school or course of study leading to a certificate of general equivalence for an individual who has not completed secondary school or received such a certificate; or

(12) The provision of child care services to an individual who is participating in a community service program.

454.505. 1. In addition to any other remedy provided by law for the enforcement of support, if [an] **a support** order has been entered [by the director pursuant to sections 454.460 to 454.997], the director shall issue an order directing any employer or other payor of the parent to withhold and pay over to the [department] **division** or the clerk of the circuit court in the county in which [the order of the director was docketed pursuant to section 454.490] **a trusteeship is or will be established**, money due or to become due the obligated parent in an amount not to exceed federal wage garnishment limitations. For administrative child support orders issued pursuant to sections other than section 454.476, the director shall not issue an order to withhold and pay over in any case in which:

(1) One of the parties demonstrates, and the director finds, that there is good cause not to require immediate income withholding. For purposes of this subdivision, any finding that there is good cause not to require immediate withholding shall be based on, at least, a written determination and an explanation by the director

that implementing immediate wage withholding would not be in the best interests of the child and proof of timely payments of previously ordered support in cases involving the modification of support orders; or

(2) A written agreement is reached between the parties that provides for an alternative payment arrangement. If the income of an obligor is not withheld as of the effective date of the support order, pursuant to subdivision (1) or (2) of this subsection, or otherwise, such obligor's income shall become subject to withholding pursuant to this section, without further exception, on the date on which the obligor becomes delinquent in maintenance or child support payments in an amount equal to one month's total support obligation.

2. An order entered pursuant to this section shall recite the amount required to be paid as continuing support, the amount to be paid monthly for arrearages and the social security number of the obligor if available.

In addition, the order shall contain a provision that the obligor shall notify the division of child support enforcement regarding the availability of medical insurance coverage through an employer or a group plan, provide the name of the insurance provider when coverage is available, and inform the division of any change in access to such insurance coverage. A copy of sections 454.460 and 454.505 shall be appended to the order. A copy of such order shall be filed with the circuit court in the county in which the [administrative support order was filed pursuant to section 454.490] **trusteeship is or will be established**.

3. An order entered pursuant to this section shall be served on the employer or other payor by certified mail, return receipt requested or may be issued through electronic means, and shall be binding on the employer or other payor two weeks after mailing or electronic issuance of such service. A copy of the order and a notice of property exempt from withholding shall be mailed to the obligor at the obligor's last known address. The notice shall advise the obligor that the withholding has commenced and the procedures to contest such withholding pursuant to section 454.475 on the grounds that such withholding or the amount withheld is improper due to a mistake of fact by requesting a hearing thirty days from mailing the notice. At such a hearing the certified copy of the court order and the sworn or certified statement of arrearages shall constitute prima facie evidence that the director's order is valid and enforceable. If a prima facie case is established, the obligor may only assert mistake of fact as a defense. For purposes of this section, "mistake of fact" means an error in the amount of the withholding or an error as to the identity of the obligor. The obligor shall have the burden of proof on such issues. The obligor may not obtain relief from the withholding by paying the overdue support. The employer or other payor shall withhold from the earnings or other income of each obligor the amount specified in the order, and may deduct an additional sum not to exceed six dollars **per month** as reimbursement for costs, except that the total amount withheld shall not exceed the limitations contained in the federal Consumer Credit Protection Act, 15 U.S.C. 1673(b). The employer or other payor shall transmit the payments as directed in the order within seven business days of the date the earnings, money due or other income was payable to the obligor. For purposes of this section, "business day" means a day that state offices are open for regular business. The employer or other payor shall, along with the amounts transmitted, provide the date the amount was withheld from each obligor. If the order does not contain the social security number of the obligor, the employer or other payor shall not be liable for withholding from the incorrect obligor.

4. If the order is served on a payor other than an employer, it shall be a lien against any money due or to become due the obligated parent which is in the possession of the payor on the date of service or which may come into the possession of the payor after service until further order of the director, except for any deposits held in two or more names in a financial institution.

5. The department shall notify an employer or other payor upon whom such an order has been directed whenever all arrearages have been paid in full, and whenever, for any other reason, the amount required to be withheld and paid over to the department pursuant to the order as to future pay periods is to be reduced or redirected. If the parent's support obligation is required to be paid monthly and the parent's pay periods are at more frequent intervals, the employer or other payor may, at the request of the parent and with the consent of the director, withhold and pay over to the department, an equal amount at each pay period cumulatively sufficient to comply with the withholding order.

6. An order issued pursuant to subsection 1 of this section shall be a continuing order and shall remain in effect and be binding upon any employer or other payor upon whom it is directed until a further order of the director. Such orders shall terminate when all children for whom the support order applies are emancipated or deceased, or the support obligation otherwise ends, and all arrearages are paid. No order to withhold shall be terminated solely because the obligor has fully paid arrearages.

7. An order issued pursuant to subsection 1 of this section shall have priority over any other legal process pursuant to state law against the same wages, except that where the other legal process is an order issued pursuant to this section or section 452.350, RSMo, the processes shall run concurrently, up to applicable wage withholding limitations. If concurrently running wage withholding processes for the collection of support obligations would cause the amounts withheld from the wages of the obligor to exceed applicable wage withholding limitations, the employer shall first satisfy current support obligations by dividing the amount available to be withheld among the orders on a pro rata basis using the percentages derived from the relationship each current support order amount has to the sum of all current child support obligations. Thereafter, arrearages shall be satisfied using the same pro rata distribution procedure used for distributing current support, up to the applicable limitation.

8. No employer or other payor who complies with an order entered pursuant to this section shall be liable to the parent, or to any other person claiming rights derived from the parent, for wrongful withholding. An employer or other payor who fails or refuses to withhold or pay the amounts as ordered pursuant to this section shall be liable to the party holding the support rights in an amount equal to the amount which became due the parent during the relevant period and which, pursuant to the order, should have been withheld and paid over. The director is hereby authorized to bring an action in circuit court to determine the liability of an employer or other payor for failure to withhold or pay the amounts as ordered. If a court finds that a violation has occurred, the court may fine the employer in an amount not to exceed five hundred dollars. The court may also enter a judgment against the employer for the amounts to be withheld or paid, court costs and reasonable attorney's fees.

9. The remedy provided by this section shall be available where the state or any of its political subdivisions is the employer or other payor of the obligated parent in the same manner and to the same extent as where the employer or other payor is a private party.

10. An employer shall not discharge, or refuse to hire or otherwise discipline an employee as a result of an order to withhold and pay over certain money authorized by this section. If any such employee is discharged within thirty days of the date upon which an order to withhold and pay over certain money is to take effect, there shall arise a rebuttable presumption that such discharge was a result of such order. This presumption shall be overcome only by clear, cogent and convincing evidence produced by the employer that the employee was not terminated because of the order to withhold and pay over certain money. The director is hereby authorized to bring an action in circuit court to determine whether the discharge constitutes a violation of this subsection. If the court finds that a violation has occurred, the court may enter an order against the employer requiring reinstatement of the employee and may fine the employer in an amount not to exceed one hundred fifty dollars. Further, the court may enter judgment against the employer for the back wages, costs, attorney's fees, and for the amount of child support which should have been withheld and paid over during the period of time the employee was wrongfully discharged.

11. If an obligor for whom an order to withhold has been issued pursuant to subsection 1 of this section terminates the obligor's employment, the employer shall, within ten days of the termination, notify the division of the termination, shall provide to the division the last known address of the obligor, if known to the employer, and shall provide to the department the name and address of the obligor's new employer, if known. When the department determines the identity of the obligor's new employer, the director shall issue an order to the new employer as provided in subsection 1 of this section.

12. If an employer or other payor is withholding amounts for more than one order issued pursuant to subsection 1 of this section, the employer or other payor may transmit all such withholdings which are to be remitted to the same circuit clerk or other collection unit as one payment together with a separate list identifying obligors for whom a withholding has been made and the amount withheld from each obligor so listed, and the withholding date or dates for each obligor.

13. For purposes of this section, "income" means any periodic form of payment due to an individual, regardless of source, including wages, salaries, commissions, bonuses, worker's compensation benefits, disability benefits, payments pursuant to a pension or a retirement program, and interest.

14. The employer shall withhold funds as directed in the notice, except if an employer receives an income withholding order issued by another state, the employer shall apply the income withholding law of the state of the obligor's principal place of employment in determining:

(1) The employer's fee for processing an income withholding order;

(2) The maximum amount permitted to be withheld from the obligor's income;

(3) The time periods within which the employer shall implement the income withholding order and forward the child support payments;

(4) The priorities for withholding and allocating income withheld for multiple child support obligees; and

(5) Any withholding terms and conditions not specified in the order.

15. If the secretary of the Department of Health and Human Services promulgates a final standard format for an employer income withholding notice, the director shall use such notice prescribed by the secretary.

454.999. The provisions of sections 210.822 and 210.834, RSMo, shall apply to a proceeding pursuant to sections 454.850 to 454.997, but no other provisions of sections 210.817 to 210.852, RSMo, shall apply.

454.1031. All penalties that apply to an obligor in sections 454.1000 to 454.1029 shall also apply to any person who has, without good cause as determined by a court with jurisdiction, denied or interfered with any order for visitation or custody for two or more consecutive periods. Any such penalties shall be imposed by a court with jurisdiction, and may be modified or vacated by the court for good cause shown, and the division shall have no jurisdiction over such matters.".

Second Regular Session, 89th General Assembly

FIFTY-NINTH DAY, Wednesday, April 22, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Hugh Behan.

"Maintain the right of the afflicted and the destitute. Rescue the weak and the needy...from the hand of the wicked." (Ps. 82:3-4).

Today is Secretaries Day which causes some confusion and ambivalence and a heightened awareness in our society as we deal with the end of discrimination in the work force and we re-define the job descriptions and increase our sensitivity about human rights and dignity.

Whatever the title or the job description, Gracious God, we offer a special word of support and prayer today for our support staff whose competence and reliability are so much responsible for the smooth operations of the House. Increase our sensitivity and awareness, keep us aware of those boorish moments so they are lessened and all forms of taking others for granted or treating them as less than full human persons are eliminated from our lives.

We also lift up a word of prayer today in honor of yesterday's observance of mental health awareness day here in the Capitol. Bless the research, the patients with mental illness, their family members and those who care for them medically. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Lauren Vickers, Dan Doerflinger, Lisa O'Donnell, Justin Patrick, Shelli Shanks, Brennan Delaney, Sally Frede, Zeke Hughes, Diana Dakan, Melissa Taylor, Kandi Kepner, Shauna Porter, Sarah Walters, Matt Lundergan, Christy Leath, Kerry Richardson, Ryan Nyhoff, Michael Boyle, Elisabeth Ryan, Gabriel Myers, Ashley Myers, Charlie Pain, Lacey Shilt, Justin Grout, Ryan Grout, Mark Vollrath, Valerie Jennings, Brandi Anstine, Clayton Kennedy, Justin Twenter, Bethany Samer, Abbi Christina Corcoran, Megan Findley and Joey Pate.

House Journal

Second Regular Session, 89th General Assembly

FIFTY-SEVENTH DAY, Monday, April 20, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Hugh Behan.

"For You are my hope, O Lord God." (Ps. 71:5)

The news today is of a famous person's death, Linda McCartney, who was recognized for her own career as a photographer and advocate of vegetarianism, rather than being known for her husband's fame. Her death from breast cancer at age 56 shows us that fame and fortune are no protection from this disease. The death of Pol Pot in Cambodia brings back memories of yet another example of genocide in our age.

We have also seen or heard the reports of severe weather from Tennessee, a reminder again that Nature's powers are stronger than ours. Meantime, there is good news from the efforts being made to bring about free trade with our Latin American neighbors and good news from Northern Ireland.

Gracious God, we begin this week with that review of world news, and with our own stories of things that cause us pain, joy and hope. Bless us with Your own gift of hope and the grace we need to go about this week's work in this Chamber, and for the personal concerns we bring to our desks as we do so. May we hold fast to the gift of hope, not our human wishful thinking alone. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Page for the Day, to serve without compensation: Gerrad Unger.

The Journal of the fifty-fifth day was approved as corrected.

The Journal of the fifty-sixth day was approved as printed.

[(10)] (11) "Physically disabled", loss of, or loss of use of, all or part of the neurological, muscular, or skeletal functions of the body, including cognitive disabilities, to the extent that a person requires the assistance of another person to accomplish routine tasks;

[(11)] (12) "Routine tasks":

[(13)] (14) "Vendor", any person, firm or corporation certified by the division as eligible to provide evaluation and fiscal conduit services necessary for delivery of personal care assistance services to physically disabled persons.

178.662. 1. Subject to appropriations, the division shall provide financial assistance for participant-directed personal care assistance services through eligible vendors, except for the provisions of subsection 3 of this section, to each person selected to participate [under] pursuant to guidelines established by the division and who:

(1) Is employed or is ready for employment, or is capable of living independently with personal care assistance;

2. Personal care assistance services shall be provided, at cost to the division, to the client to the extent that he or she is determined to be in financial need. Such need shall be determined by reducing the client's after-tax income by an amount equal to the client's necessary living expenses. Financial assistance shall be decreased as the client's ability to pay increases, in accordance with a schedule set out in the client's personal care assistance plan.

3. Upon vendor certification of the employment of a personal care attendant, the division or the vendor, at the vendor's option, shall perform the payroll and fringe benefit accounting functions for the client. The division may choose to contract with a fiscal intermediary for payroll and fringe benefit accounting functions for the client. The division shall be permitted to deposit funds with such vendor prior to the payroll payment. The vendor shall accumulate required employee authorizing documentation and forward to the division. For purposes of this section, the attendant is considered the employee of the client only for the period of time subsidized by personal care assistant funds. 178.674. 1. As used in this section, the following terms mean:

(1) "Attendant", a person eighteen years of age or older and not the parent, spouse or child of a consumer who performs support and assistance services for, or on behalf of, a consumer;

(2) "Consumer", a disabled person determined by one or both departments to be eligible to receive personal support and assistance services;

(3) "Consumer-directed", employing, training, supervising and directing of an attendant by, or on behalf of, a consumer;

(4) "Department", the department of social services or the department of mental health or both;

(5) "Fiscal intermediary", any person, firm or corporation selected through a competitive bid process, and certified by one or both of the departments as eligible to provide fiscal conduit services necessary for participant-directed reimbursement of personal support and assistance services;

(6) "Personal support and assistance services", assistance with a broad range of activities and instrumental activities of daily living, as defined by one or both of the departments, and as appropriate to a consumer to enable a consumer in need of in-home care to live in the consumer's home and community rather than an institution and to carry out functions of daily living, self care and mobility. Assistance shall be provided in accordance with a plan of care and may include, but is not limited to, direct hands-on support, training and oversight, accompaniment, coaching and minor problem solving to achieve increased independence, productivity and inclusion in the community. Assistance may occur in the home, community, school or workplace, and may be long or short term, including respite care.

2. Within appropriations, and for certain consumers and consumers' families who wish to participate and qualify pursuant to guidelines established by one or both departments, one or both departments as appropriate shall provide payments for eligible consumers and consumers' families for consumer-directed care for personal support and assistance services.

3. Upon department verification of employment of an attendant by a consumer or a consumer's family, the departments or, at the departments' option, a fiscal intermediary shall perform the payroll and fringe benefit accounting functions for such consumer or such consumer's family. The departments shall be permitted to deposit funds with such fiscal intermediary prior to the payroll payment.

4. No attendant shall receive payment to perform personal support and assistance services pursuant to this section until such attendant has completed a minimum training requirement pursuant to guidelines established by the department. No attendant shall receive payment to perform personal support and assistance services pursuant to this section if such attendant is listed on the employee disqualification list as provided in section 660.315, RSMo. No attendant shall be hired by a consumer to perform personal support and assistance services pursuant to this section until a criminal background check as provided in section 43.540, RSMo, has been completed for such attendant.

5. An applicant for an attendant position pursuant to this section shall:

(1) Sign a consent form as required by section 43.540, RSMo, so the provider may request a criminal records review;

(2) Disclose the applicant's criminal history. For the purpose of this subdivision, criminal history includes any conviction or a plea of guilty to a misdemeanor or felony charge, and shall include any suspended imposition of sentence, any suspended execution of sentence, or any period of probation or parole; and

(3) Disclose whether the applicant is listed on the employee disqualification list as provided in section 660.315,

RSMo.

6. For purposes of this section, the attendant shall be considered the employee of the consumer or the consumer's family, and nothing in this section shall be construed such that the attendant is considered the employee of the department or the state of Missouri. All local monitoring and supervision of the attendant shall be the responsibility of the consumer or the consumer's family, with as much assistance and consultation from the department as the consumer or the consumer's family chooses and is needed to assure the consumer's welfare and safety.

7. The division of medical services within the department of social services shall apply not later than December 31, 1998, for a home and community-based services waiver for Title XIX of the Social Security Act from the federal Health Care Financing Administration for persons with disabilities between the ages of sixteen and sixty-four to increase the availability of consumer-directed personal support and assistance services. Funding for programs pursuant to this waiver is subject to appropriation.

8. The department of mental health shall amend its current home and community-based services waiver not later than December 31, 1998, to establish and maintain a consumer-directed program pursuant to this section for personal support and assistance services for persons with disabilities.

10. Any consumer who qualifies and participates in a consumer-directed program pursuant to subsection 6 of this section before age sixty-five shall remain eligible for personal support and assistance services under such program."; and

House Journal

Second Regular Session, 89th General Assembly

SIXTIETH DAY, Thursday, April 23, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Hugh Behan.

"Be doers of the word and not hearers only." (James. 1:22).

This morning we remember the annual observance of the Holocaust, Yom HaShoah, with its horrific memories and the efforts being made to bring healing and forgiveness and the change of heart that will prevent anything like it from being tolerated again. Our world continues to be too full of examples of people in positions of power who continue to kill or curtail the rights and dignity of others and examples of others in places of influence who let it happen for whatever reasons.

We pray, Creator of all, Source of our life and dignity, that today and when we go home this weekend, and will watch every word, every thought and gesture in ourselves and others which might be genuinely offensive to reasonable people, whether it arises from race, gender or religious sources. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Nicolas Perry, Carissa Perry, Kip Vaughan, Emily Vaughan, Zachary Ross, Maria Ross, Nathan Ross, Brian Wayman, Jennifer Jackson, Michael Kauffman, Melinda Smith, David Schmitt, Kim Edele, Ben Pepin, Kara Walser, Sharayah Gilbert, Jessica Lachance, Natalie Hall, Emily Marler, Dwayne Hemmer, Tom Heppermann, Keith Widamann, Amanda Strunk, Brandie Amsden, Elizabeth Yates, Bethany Joy Weger, Gabriel David Weger, Joshua Paul Weger, James O'Connell, Lindsey Auer, Kristy Burmeister, Lindsay Monaco, Lisa Monaco and Demetrius Smith.

The Journal of the fifty-ninth day was approved as corrected.

Second Regular Session, 89th General Assembly

SIXTY-FIRST DAY, Monday, April 27, 1998

Speaker Gaw in the Chair.

Prayer by Reverend Cheryl L. Tatham.

As this week begins, let us hear Your voice, O God. Let us hear Your voice - be it female or male, black or white, young or old, rich or poor, Your voice comes to us in many manifestations. Help us to recognize You at work in each other. Help us to recognize that, in Your eyes, there are no physical limitations to that love. Let us put off the facade of stereotypical images and accept one another as mutually valued and respected creations of the awesome God that You are. When we are tempted to belittle someone because of their race or gender, when we deny someone their rightful place in society because of their age or economic status, pull us up short, O God of Justice, and teach us...teach us about love and respect. Teach us about justice and mercy.

Bring us through this week feeling food about our relationships with one another and with You so that we do not regret actions taken or words spoken in haste or poor taste. Give us guidance, God, to be faithful and true servants. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation Adair Stokan, Kenny Bell, Nicole Nickles, John Rhea, Jonathan Robert, Tommy Young, Kristina Carpenter, Matthew Skarin, Alex Hall and Amber Hamilton.

The Journal of the sixtieth day was approved as corrected.

House Journal

Second Regular Session, 89th General Assembly

SIXTY-SECOND DAY, Tuesday, April 28, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Cheryl L. Tatham.

These days it seems that the papers tell us only the terrible things that we are doing to one another, Gracious God, and it makes it seem like the world is headed to hell in a handbasket. But then we look around us at the people we love, at the co-workers who help us do the job right, at the friends who support and encourage us, and we know that there is good in the world. When these legislators deal with the issues that affect the people of this state, help them recognize the worthy things that they do. They hear much criticism and complaining from those of us who know so little of the intricacies of politics that they need to hear a good word every now and then. ....A good word about their concern for young adults who drink and drive; their concern for the welfare and health care of women and children; their concern for the natural resources of our beautiful state.

So we give you thanks today for the good in this world - let us appreciate it and acknowledge it. And help us see those areas of our lives and labor that still need the light of YOUR goodness. Hear our prayer, O Sovereign of the Universe. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Chantrell Carter, Derrick Myers, Chanice Young, Stephanie Magoc, B. J. DeWitt, Whitney Brauch, Brittany Franken, Alyson Pedago, Zachery Huhmann, Samantha Fleeman, Deanna Sharp, Landon Cleveland, Jeff Stevens, Ashley Fawler, Callie Zevecke, Christopher Rinella, Robin Bruce, Brent Weilmuenster, Ashley Jahi-Asim, Phillip Villacis, Andrew McClanahan, David McClanahan, T. Senate Amendment No. 1

AMEND House Bill No. 1239, Page 1, Section A, Line 2, by inserting immediately after said line the following:

"452.400. 1. A parent not granted custody of the child is entitled to reasonable visitation rights unless the court finds, after a hearing, that visitation would endanger the child's physical health or impair his emotional development. The court shall define the noncustodial parent's visitation periods in detail at the request of either party. In determining the granting of visitation rights, the court shall consider evidence of domestic violence. If the court finds that domestic violence has occurred, the court may find that granting visitation to the abusive party is in the best interests of the child. The court shall not grant visitation to the parent not granted custody if

such parent has been found guilty of or pled guilty to a felony violation, when the child was the victim, of chapter 566, RSMo, [when the child was the victim, or a violation of] or section 568.020, RSMo, [when the child was the victim] or an offense which, if committed in this state, would be a felony violation of chapter 566, RSMo, or section 568.020, RSMo. The court shall consider the parent's history of inflicting, or tendency to inflict, physical harm, bodily injury, assault, or the fear of physical harm, bodily injury, or assault on other persons and shall grant visitation in a manner that best protects the child and the parent or other family or household member who is the victim of domestic violence from any further harm. The court shall make specific findings of fact to show that the visitation arrangements made by the court best protects the child or the parent or other family or household member who is the victim of domestic violence from any further harm.

2. The court may modify an order granting or denying visitation rights whenever modification would serve the best interests of the child, but the court shall not restrict a parent's visitation rights unless it finds that the visitation would endanger the child's physical health or impair his emotional development. When a court restricts a parent's visitation rights or when a court orders supervised visitation because of allegations of abuse or domestic violence, a showing of proof of treatment and rehabilitation shall be made to the court before unsupervised visitation may be ordered. "Supervised visitation", as used in this section, is visitation which takes place in the presence of a responsible adult appointed by the court for the protection of the child.

3. The court shall mandate compliance with its order by both the custodial parent and the child. In the event of noncompliance, the noncustodial parent may file a motion for contempt. Upon a finding by the court that its order for visitation has not been complied with, without good cause, the court shall define the noncustodial parent's visitation in detail and shall exercise its discretion in providing a remedy, which shall include, but not be limited to, a compensatory period of visitation or temporary custody at a time convenient for the noncustodial parent not less than the period of time denied, together with a judgment in an amount not less than the reasonable expenses incurred by the noncustodial parent as a result of denial of visitation.

4. The attorney's fees and costs of a proceeding to enforce visitation rights shall be assessed against the parent who unreasonably denies or interferes with visitation. In addition, the court may utilize any and all powers relating to contempt conferred on it by law or rule of the Missouri supreme court."; and

Further amend the title and enacting clause accordingly.

455.543. 1. In any case involving a homicide where the victim is an adult, the local law enforcement agency with jurisdiction shall make a determination as to whether there is reason to believe the homicide is related to domestic violence.

Second Regular Session, 89th General Assembly

SIXTY-THIRD DAY, Wednesday, April 29, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Cheryl L. Tatham.

Globally, our nation is held accountable, O God, for its place as a world leader in economics, technological advances and democracy, but we often fail to live up to those expectations.

Here in these chambers, there are high expectations as well -- the people of Missouri hold these representatives accountable -- and expect them to be fair and just, to do things in bi-partisan cooperation for the betterment of this state's citizens. But it doesn't always get done as expected.

Help us, O Lord, both as legislators and as citizens to recognize failings and accomplishments in the true light of understanding, as long as we *all* do the best we can do.

We say "thank you" for those staff members who will be recognized today for their years of service -- for those who continue to give their best.

Hear us, O God, and guide us as we serve You and the state of Missouri. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Donovan Avis, Kalinda Horton, Kendra Whitley, Samantha Jones and Alicia Bradley.

The Journal of the sixty-second day was approved as corrected.

Further amend said bill, Page 3, Section 21.795, Line 77, by inserting after all of said line the following:

"23.140. 1. Legislation, with the exception of appropriation bills, introduced into either house of the general assembly shall, before being acted upon, be submitted to the oversight division of the committee on legislative research for the preparation of a fiscal note. The staff of the oversight division shall prepare a fiscal note, examining the items contained in subsection 2 and such additional items as may be provided either by joint rule of the house and senate or by resolution adopted by the committee or the oversight subcommittee.

2. The fiscal note shall state:

(1) The cost of the proposed legislation to the state for the next two fiscal years;

(2) Whether or not the proposed legislation will establish a program or agency that will duplicate an existing program or agency;

(3) Whether or not there is a federal mandate for the program or agency;

(4) Whether or not the proposed program or agency will have significant direct fiscal impact upon any political subdivision of the state;

(5) Whether or not any new physical facilities will be required; and

(6) Whether or not the proposed legislation will have an economic impact on small businesses. For the purpose of this subdivision "small business" means a corporation, partnership, sole proprietorship or other business entity, including its affiliates, that:

3. The fiscal note for a bill shall accompany the bill throughout its course of passage. No member of the general assembly, lobbyist or persons other than oversight division staff members shall participate in the preparation of any fiscal note unless the communication is in writing, with a duplicate to be filed with the fiscal note or unless requested for information by the fiscal analyst preparing the note. Violations of this provision shall be reported to the chairman of the legislative research committee and subject the fiscal note and proposed bill to subcommittee review. Once a fiscal note has been signed and approved by the director of the oversight division, the note shall not be changed or revised without prior approval of the chairman of the legislative research committee, except to reflect changes made in the bill it accompanies, or to correct patent typographical, clerical or drafting errors that do not involve changes of substance, nor shall substitution be made therefor. Appeals to revise, change or to substitute a fiscal note shall be made in writing by a member of the general assembly to the chairman of the legislative research committee and a hearing before the committee or subcommittee shall be granted as soon as possible. Any member of the general assembly, upon presentation of new or additional material, may, within three legislative days after the hearing on the request to revise, change or substitute a fiscal note, request one rehearing before the full committee to further consider the requested change. The subcommittee, if satisfied that new or additional material has been presented, may

recommend such rehearing to the full committee, and the rehearing shall be held as soon as possible thereafter.

4. The director of the division, hereinafter provided for, or the director's designees, shall seek information and advice from the affected department, division or agency of state government and shall call upon the research staffs of the house of representatives and of the senate, and upon the staffs of the house and senate appropriations committees for assistance in carrying out fiscal notes and [auditing] other functions and duties, during the interim, and each staff shall supply such information or advice as it may possess in response to the inquiry. [The state auditor shall, upon request, cooperate and provide assistance in the conduct of audits and the preparation of reports made in connection therewith.]

23.150. 1. The committee on legislative research shall organize an oversight division to prepare fiscal notes and to [conduct management audits and program audits of state agencies] perform fiscal analyses and conduct performance evaluations and expenditure reviews of agencies, departments, bureaus, divisions, authorities, commissions, offices or institutions, educational or otherwise, of the state, or any political subdivision thereof which shall include all county governments and agencies thereof, all city governments and agencies thereof, and all public school districts and agencies thereof to the extent that they receive funds appropriated by the general assembly. Such analyses, evaluations and reviews may be conducted pursuant to a resolution adopted by the committee upon a request from a member or committee of the general assembly or pursuant to a duly adopted concurrent resolution of the general assembly for the purpose of obtaining information necessary to legislative decisions as to future funding of agencies by appropriation and other aspects of the lawmaking process. The committee may form a subcommittee of not less than six members to provide direct supervision of the personnel and practices of the division. The subcommittee shall consist of one-half of the members appointed by the chairman from the house which he represents and one-half of the members appointed by the vice chairman from the house which he represents.

2. Within the limits of the appropriations made for this division, the committee shall employ a director of the oversight division and other personnel as it deems necessary. The director shall be qualified by training and experience to conduct such [audits, and he] analyses, evaluations and reviews, and shall be directly responsible for those activities. (e) Review conformity of programs with legislative intent;

(f) Impact of federal grant programs on agency programs.

23.170. 1. The oversight division of the committee on legislative research shall, pursuant to a duly adopted concurrent resolution of the general assembly, or pursuant to a resolution adopted by the committee on legislative research, [conduct management audits and program audits] perform fiscal analyses and conduct performance evaluations and expenditure reviews of agencies as directed by any such resolution. The purpose of such analyses, evaluations and reviews shall be to gather information necessary to the general assembly's consideration of proposed legislation, including, but not limited to, appropriations bills.

2. The staff of any agency subject to a [management or program audit] fiscal analysis, performance evaluation or expenditure review shall fully cooperate with the staff of the oversight division and shall provide all necessary information and assistance for such an [audit] analysis, evaluation or review. All records of an agency[, unless otherwise expressly declared by law to be confidential,] may be inspected by the oversight division staff while conducting the [audit] fiscal analysis, performance evaluation or expenditure review, and the agency subject to the [audit] fiscal analysis, performance evaluation or expenditure review shall afford the oversight division staff with ample opportunity to observe agency operations. All records of an agency which are exempt from disclosure by state law, shall remain exempt when in the possession of the oversight division.

3. All [audits] fiscal analyses, performance evaluations or expenditure reviews shall be completed within one year unless an extension is authorized by the committee[, but progress reports shall be made to the committee at least monthly]. The subcommittee supervising the oversight division shall meet [monthly] as needed to review progress [reports] on work of the oversight division, hear requests for changes in fiscal notes, and provide supervision for the oversight division staff as directed by the committee on legislative research.

4. Any member of the general assembly and any committee of either house of the general assembly may submit requests for [audits] fiscal analyses, performance evaluations or expenditure reviews to the committee on legislative research[, and any agency may request an audit of its operations] for the purpose of obtaining information which would be needed in determining future appropriations of public funds. Requests may also be made pursuant to obtaining information necessary for the drafting of proposed legislation.

23.180. The committee may:

(1) Subpoena and examine witnesses by subpoena issued under the hand of the speaker of the house or the president pro tem of the senate and may require the appearance of any person and [the production of any paper or document] issue subpoenas duces tecum in the same manner. All such process shall be executed by the sergeant at arms of the house of representatives or senate, or by a special messenger appointed for that purpose and shall extend to all parts of the state. The subpoenas and subpoenas duces tecum may be enforced as authorized by the Constitution or as provided by statutory or common law, or by applying to a judge of the circuit court of Cole County or the county of the investigation, hearing or proceeding, or any county where the person or entity that has been subpoenaed resides or may be found, for an order to show cause why the subpoena or subpoena duces tecum should not be enforced. The order and a copy of the application therefor shall be served in the same manner as a summons in a civil action, and if, after hearing, the court determines that the subpoena or subpoena duces tecum should be sustained and enforced, the court shall enforce the subpoena or subpoena duces tecum in the same manner as if it had been issued by the court in a civil action;

(2) Cause witnesses appearing before the committee or the staff of the division to give testimony under oath;

(3) Require that testimony given or a record of the proceedings of any hearing be recorded by an official court reporter or other competent person, under oath, in writing or by electronic, magnetic, or mechanical sound or video recording devices. Any such transcript or record, when certified by the reporter or recorder, shall be prima facie a correct statement of the testimony or proceedings.

23.190. [1. In making audits the division shall make recommendations and suggestions, in writing, to the personnel of the agency being audited. Such personnel shall be given an opportunity to respond, in writing, to those recommendations and suggestions. Thereafter, as soon as practicable after completion of the audit, the

committee shall issue a public report of the audit. The report shall contain recommendations for changes in practices and policies as well as recommendations for changes in statutes and regulations, and shall contain the response of the agency involved. Each report shall be a public record and shall be signed by the committee chairman. Each report shall be presented to the governor and the agency involved. Copies may be made available to members of the general assembly and to the general public. The committee may charge a fee to recover publication costs for copies made available to the general public.

2. One year after completion of each audit, the oversight division shall review the operations of the agency audited to determine whether or not there has been substantial compliance with the recommendations contained in the report, and if not, a further review shall be conducted at the end of another year. In each instance a further report shall be made and distributed in the same manner as an initial report is made and distributed.] The committee shall issue fiscal analysis reports, performance evaluation reports and expenditure review reports, in a public hearing of the committee on legislative research or any other affected committee, and any such report shall be a public record. Reports may contain, but need not be limited to, recommendations for changes in statutes or regulations, as well as changes in funding levels. Reports may also contain recommendations for changes in policies and procedures when it appears that such recommendations would be helpful to agency management but such recommendations would not be binding on the agency. All recommendations shall be communicated to the appropriate legislative committees. A copy of the report, signed by the chairman of the committee and the director of the oversight division, shall be submitted to each member of the legislature. The report shall also be submitted to the governor and to the official, officer, or person in charge of the agency evaluated for their consideration in the submission of annual budgets to the legislature."; and

"326.100. All statements, records, schedules and memoranda, commonly known as working papers, made by a certified public accountant or a public accountant, or by an employee of either, incident to or in the course of professional service to clients, except reports delivered to a client, shall be and remain the property of such certified public accountant or public accountant, in the absence of a written agreement between the accountant and the client to the contrary. This section does not apply to a certified public accountant employed by a government agency with respect to work produced in the performance of their duties as a government employee.

326.210. 1. Permits to engage in the practice of public accounting in this state shall be issued by the board, upon payment of the fee as prescribed pursuant to section 326.200, to holders of the certificates of certified public accountants issued pursuant to section 326.060, and to holders of public accountant certificates, who shall have furnished evidence satisfactory to the board of compliance with the requirements of subsection 2 of this section, and to firms, partnerships and corporations registered pursuant to section 326.040 or 326.050. All permits shall expire on the permit renewal date and may be renewed for each licensing period upon payment of the renewal fee as prescribed pursuant to section 326.200. (1) Two years' experience acceptable to the board in the practice of public accounting under the supervision of a certified public accountant holding a certificate and live permit from this or another state, which experience shall include, but not be limited to, two years' experience in the practice of [public] governmental accounting or auditing under the supervision of the state auditor who is a certified public accountant holding a certificate and live permit from this or another state or two years' experience in the practice of fiscal analysis, performance evaluation and expenditure review for the committee on legislative research under the supervision of the director of the oversight division who is a certified public accountant holding a certificate and live permit from this or another state; or

(2) At least two years of satisfactory experience acceptable to the board as a certified public accountant in the legal practice of public accounting in another state while holding a live permit to practice from the other state; or

(3) Four years' experience acceptable to the board in the practice of governmental accounting, budgeting or auditing, including auditing of tax returns, as an employee of the state of Missouri, a political subdivision of this state, or the United States government, under the supervision of a certified public accountant acceptable to the board holding a certificate and live permit from this or another state, who is the head of the department, division or unit in which such person is employed. Only one year of public accounting experience shall be required of an internal revenue agent who has been issued a certificate by this state pursuant to section 326.060 and who has had at least four years' experience as an employee of the federal government as an internal revenue agent in the Internal Revenue Service, of which at least two years is certified by a district director of Internal Revenue Service as having been of field agent experience at the journeyman level, grade GS-512-11 or above, as specified in the United States Civil Service Commission's qualification standard as of December 1, 1975; or

2. After the expiration of the three-year period immediately following the effective date of board regulations establishing requirements of continuing education, every application for renewal of an annual permit to practice by any person who has held a certificate as a certified public accountant for three years or more shall be accompanied or supported by such evidence, as the board shall prescribe, of satisfaction of such requirements during the last three years preceding the application. Failure by an applicant for renewal of an annual permit to furnish such evidence shall constitute grounds for revocation, suspension or refusal to renew such permit in a proceeding pursuant to section 326.130, unless the board, in its discretion, shall determine such failure to have been due to reasonable cause or excusable neglect. The board, in its discretion, may renew an annual permit to practice despite failure to furnish evidence of satisfaction of requirements of continuing education upon condition that the applicant follow a particular program or schedule of continuing education.

3. The attestation or opinion concerning the presentation of financial or other quantitative data shall be restricted to those holding a live permit pursuant to this section.

4. Refusal by the resident manager of an office, registered pursuant to section 326.055, to submit such office to peer review, if required by the board, shall constitute grounds for revocation, suspension or refusal to renew the manager's permit in a proceeding pursuant to section 326.130.".

for

House Amendment No. 1

AMEND House Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 501, Pages 1 to 11, Section 169.020, by deleting all of said section and inserting in lieu thereof the following:

"169.020. 1. For the purpose of providing retirement allowances and other benefits for public school teachers, there is hereby created and established a retirement system which shall be a body corporate, shall be under the management of a board of trustees herein described, and shall be known as "The Public School Retirement System of Missouri". Such system shall, by and in [said] such name, sue and be sued, transact all of its business, invest all of its funds, and hold all of its cash, securities, and other property. The system so created shall include all school districts in this state, except those in cities that had populations of four hundred thousand or more according to the latest United States decennial census, and such others as are or hereafter may be included in a similar system or in similar systems established by law and made operative; provided, that teachers in school districts of more than four hundred thousand inhabitants who are or may become members of a local retirement system may become members of this system with the same legal benefits as accrue to present members of such state system on the terms and under the conditions provided for in section 169.021. The system hereby established shall begin operations on the first day of July next following the date upon which sections 169.010 to 169.130 shall take effect.

2. The general administration and the responsibility for the proper operation of the retirement system and for making effective the provisions of sections 169.010 to 169.141 are hereby vested in a board of trustees of seven persons as follows: [Two persons to be appointed as trustees by the state board of education;] Four persons to be elected as trustees by the members and retired members of the public school retirement system created by sections 169.010 to 169.141 and the nonteacher school employee retirement system created by sections 169.600 to 169.715; [the state commissioner of education who shall serve as trustee by virtue of the commissioner's office.] and three members appointed by the governor with the advice and consent of the senate. The first member appointed by the governor shall replace the commissioner of education for a term beginning August 28, 1998. The other two members shall be appointed by the governor at the time each member's, who was appointed by the state board of education, term expires.

3. Trustees appointed and elected shall be chosen for terms of four years from the first day of July next following their appointment or election, except that one of the elected trustees shall be a member of the nonteacher school employee retirement system and shall be initially elected for a term of three years from July 1, 1991. The initial term of one other elected trustee shall commence on July 1, 1992.

4. Trustees appointed by the [state board of education] governor shall be residents of school districts included in the retirement system, but not employees of such districts or a state employee or a state elected official. At least one trustee so appointed shall be a retired member of the public school retirement system or the nonteacher school employee retirement system. Three elected trustees shall be members of the public school retirement system and one elected trustee shall be a member of the nonteacher school employee retirement system.

5. The elections of the trustees shall be arranged for, managed and conducted by the board of trustees of the retirement system.

6. If a vacancy occurs in the office of trustee, the vacancy shall be filled for the unexpired term in the same manner as the office was previously filled.

7. Trustees of the retirement system shall serve without compensation but they shall be reimbursed for expenses necessarily incurred through service on the board of trustees.

8. Each trustee shall be commissioned by the governor, and before entering upon the duties of the trustee's office, shall take and subscribe to an oath or affirmation to support the Constitution of the United States, and of the state of Missouri and to demean himself or herself faithfully in the trustee's office. Such oath as subscribed to shall be filed in the office of secretary of state of this state.

9. Each trustee shall be entitled to one vote in the board of trustees. Four votes shall be necessary for a decision by the trustees at any meeting of the board of trustees. Unless otherwise expressly provided herein, a meeting need not be called or held to make any decision on a matter before the board. Each member must be sent by the executive director a copy of the matter to be decided with full information from the files of the board of trustees. The unanimous decision of four trustees may decide the issue by signing a document declaring their decision and sending such written instrument to the executive director of the board, provided that no other member of the board of trustees shall send a dissenting decision to the executive director of the board within fifteen days after such document and information was mailed to the trustee. If any member is not in agreement with four members the matter is to be passed on at a regular board meeting or a special meeting called for the purpose.

10. The board of trustees shall elect one of their number as chairman, and shall employ a full-time executive director, not one of their number, who shall be the executive officer of the board. Other employees of the board shall be chosen only upon the recommendation of the executive director.

11. The board of trustees shall employ an actuary who shall be its technical adviser on matters regarding the operation of the retirement system, and shall perform such duties as are essential in connection therewith, including the recommendation for adoption by the board of mortality and other necessary tables, and the recommendation of the level rate of contributions required for operation of the system.

12. As soon as practicable after the establishment of the retirement system, and annually thereafter, the actuary shall make a valuation of the system's assets and liabilities on the basis of such tables as have been adopted.

13. At least once in the three-year period following the establishment of the retirement system, and in each five-year period thereafter, the board of trustees shall cause to be made an actuarial investigation into the mortality, service, and compensation experience of the members and beneficiaries of the system, and shall make any changes in the mortality, service, and other tables then in use which the results of the investigation show to be necessary.

14. Subject to the limitations of sections 169.010 to 169.141 and 169.600 to 169.715, the board of trustees shall formulate and adopt rules and regulations for the government of its own proceedings and for the administration of the retirement system.

15. The board of trustees shall determine and decide all questions of doubt as to what constitutes employment within the meaning of sections 169.010 to 169.141 and 169.600 to 169.715, the amount of benefits to be paid to members, retired members, beneficiaries and survivors and the amount of contributions to be paid by employer and employee. The executive director shall notify by registered mail both employer and member, retired member, beneficiary or survivor interested in such determination. Any member, retired member, beneficiary or survivor, district or employer adversely affected by such determination, at any time within thirty days after being notified of such determination, may appeal to the circuit court of Cole County. Such appeal shall be tried and determined anew in the circuit court and such court shall hear and consider any and all competent testimony relative to the issues in the case, which may be offered by either party thereto. The circuit court shall determine the rights of the parties under sections 169.010 to 169.141 and 169.600 to 169.715 using the same standard provided in section 536.150, RSMo, and the judgment or order of such circuit court shall be binding upon the parties and the board shall carry out such judgment or order unless an appeal is taken from such decision of the circuit court. Appeals may be had from the circuit court by the employer, member, retired member, beneficiary, survivor or the board, in the manner provided by the civil code.

16. The board of trustees shall keep a record of all its proceedings, which shall be open to public inspection. It shall prepare annually a comprehensive annual financial report, the financial section of which shall be prepared in accordance with applicable accounting standards and shall include the independent auditor's opinion letter. The report shall also include information on the actuarial status and the investments of the system. The reports shall be preserved by the executive director and made available for public inspection.

17. The board of trustees shall provide for the maintenance of an individual account with each member, setting forth such data as may be necessary for a ready determination of the member's earnings, contributions, and interest accumulations. It shall also collect and keep in convenient form such data as shall be necessary for the preparation of the required mortality and service tables and for the compilation of such other information as shall be required for the valuation of the system's assets and liabilities. All individually identifiable information pertaining to members, retirees, beneficiaries and survivors shall be confidential.

18. The board of trustees shall meet regularly at least twice each year, with the dates of such meetings to be designated in the rules and regulations adopted by the board. Such other meetings as are deemed necessary may be called by the chairman of the board or by any four members acting jointly.

19. The headquarters of the retirement system shall be in Jefferson City, where suitable office space, utilities and other services and equipment necessary for the operation of the system shall be provided by the board of trustees and all costs shall be paid from funds of the system. All suits in which the board of trustees, the board's members or employees or the retirement system established by sections 169.010 to 169.141 or 169.600 to 169.715 are parties shall be brought in Cole County.

20. The board may appoint an attorney or firm of attorneys to be the legal advisor to the board and to represent the board in legal proceedings, however, if the board does not make such an appointment, the attorney general shall be the legal advisor of the board of trustees, and shall represent the board in all legal proceedings.

21. The board of trustees shall arrange for adequate surety bonds covering the executive director. When approved by the board, such bonds shall be deposited in the office of the secretary of state of this state.

22. The board shall arrange for annual audits of the records and accounts of the system by a firm of certified public accountants, the state auditor shall review the audit of the records and accounts of the system at least once every three years and shall report the results to the board of trustees and the governor.

23. The board by its rules may establish an interest charge to be paid by the employer on any payments of contributions which are delinquent. The rate charged shall not exceed the actuarially assumed rate of return on invested funds of the pertinent system.".

House Resolution No. 885

WHEREAS, one hundred fifty years have now passed since the greatest tragedy in Irish history occurred: The Great Irish Famine, also known as An Gorta Mor, the Great Starvation, the Great Hunger, the Irish Potato Blight, the Potato Famine, and the Great Irish Hunger; and

WHEREAS, this catastrophic five-year period between 1845 and 1850 in which millions of Irish people perished or emigrated was due to mass starvation precipitated by a recurring potato crop failure and worsened by acts of the British government which ignored the plight of the people; and

WHEREAS, the thousands upon thousands of bodies which required burial in a short period of time necessitated creation of the "sliding coffin", a hinged coffin which was used to transport the deceased to the graveyard where it would be placed over a huge pit, its bottom would drop, and the victim would fall into the common grave below; and

WHEREAS, Ireland lost nearly one half of its population during this dreadful famine, a catastrophe of astronomic proportions which needs to be examined and discussed in the public schools of Missouri in an effort to reaffirm the commitment of free people of all nations to eradicate the causes of famine that exist in the modern world and to engender an appreciation for Irish Americans; and

WHEREAS, many of the Irish immigrated to the Show-Me State where they distinguished themselves by their great contributions to the formation of Missouri, a long list of remarkable individuals which includes Joseph Charles who in 1808 founded the first newspaper west of the Mississippi River, the *Missouri Gazette*; and

WHEREAS, it would be in the best interests of Missouri's public school students for the State Board of Education to prepare and make available to all school boards instructional materials that can be used as guidelines for the development of a unit of instruction on the Irish Famine:

NOW, THEREFORE, BE IT RESOLVED that we, the members of the Missouri House of Representatives, Eighty-ninth General Assembly, unanimously join in expressing our support of the inclusion of a unit of instruction studying the causes and effects of mass starvation in mid-nineteenth century Ireland in every public elementary school and high school curriculum in Missouri; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Missouri Department of Elementary and Secondary Education.

House Journal

Second Regular Session, 89th General Assembly

SIXTY-FOURTH DAY, Thursday, April 30, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Cheryl L. Tatham.

This has been a busy week, O Lord of Life. In it we have seen Israel celebrate 50 years of statehood; Paula Jones continues to pursue her lawsuit; children have been killed and have killed others; the IRS defends its actions; and Mizzou has a new ladies basketball coach - and, oblivious to it all, the earth You created continues to spin systematically on its axis. That's how life is, God. We struggle and stew over things and often times it's the things that matter the least. Give us insight to know what issues are worth battling and which ones need to be set aside. And help us realize that just because something isn't big on our agenda doesn't make it unimportant to those who care about it. In other words, God - give us perspective and level-headedness.

And now, as these representatives wind down this week, help them face the mistakes they've made with honesty and integrity. Help them celebrate their achievements with humility and thanksgiving. In ALL things, Holy One, may we always acknowledge You as Creator, Sustainer and Sovereign. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Chinita Taylor, Shawn Robinson, Tamara Bickley, Frank Bradley, Ruth Schiller, Andrea Travaglini, Alison Bertram, Shannon O'Connor, Lilly Bell, David Bell, Tia Bonnett, Brydon Dale, Arthur Brandt, Ronnie White II, Nick Becher, Libby Klaus, Mark Chisholm, Josh Aylesworth, Andrea Gregory, Katie Pfenning, Aaron Shockley, Justin McLaury, Margaret Baker, Melissa Barnett, Alex Heflin, Allisa Schluter, Sean Householder and Gina Kenny.

The Journal of the sixty-third day was approved as corrected.

RESOLUTIONS

Representative Kreider offered House Resolution No. 1188, which was referred to the Committee on Miscellaneous Bills and Resolutions.

Representative Cierpiot offered House Resolution No. 1189 through House Resolution No. 1201, which were referred to the Committee on Miscellaneous Bills and Resolutions.

Second Regular Session, 89th General Assembly

SIXTY-FIFTH DAY, Monday, May 4, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Hugh Behan.

"You shall not give false evidence against your neighbor." (Ex. 20:16)

You have probably seen the sign that advises us to call "Call Before You Dig," advice from the utility companies to avoid disrupting telephone and power lines.

I thought of that sign and re-worded it, "Dig Before You Call," and applied it to all of our personal, official and media communications.

Gracious God, You who are all just and have shared Your own loving kindness, Your *hesed,* with us, slow us down a bit when we are quick to call before we dig, dig out the facts, the context, the circumstances, before we tell the story, broadcast the accusation or attack an opponent. In the case of public information, please make us aware that most people do not have the time, or interest in anything more than the headlines and so cannot make any judgment about a story. Leaks from interested parties often pass for news and so reputations are shredded and half truths hang out there for a long time waiting for the "rest of the story." Guide us also to "dig before we call" in our personal and family communications, so that life may be more gentle and less stressful for all who can rely on us for being fair, truthful and prudent. Amen.

The Pledge of Allegiance to the flag was recited.

commodity assessments, and to enact in lieu thereof two new sections relating to the same subject with an emergency clause for a certain section."; and

Further amend said bill, Page 2, Section 263.527, Line 36, by inserting after all of said line the following:

"Section B. Section 275.350, RSMo 1994, is repealed and one new section enacted in lieu thereof, to be known as section 275.350, to read as follows:

275.350. 1. Any fee imposed under the commodity merchandising program shall be collected by the [director] **appropriate commodity council** whether directly from the producers or indirectly from handlers or processors as stipulated by the provision of the commodity merchandising program.

2. If any merchandising fee is unpaid on the date on which the fee was due and payable, a penalty of one percent per month shall apply from and after that date until payment plus the penalty is received by the director. If, after due notice, any person defaults in any payment of the fee or penalties thereon, the amount due [shall] **may** be collected by civil action [in the name of the state of Missouri at the relation of the director], and the person adjudged in default shall pay the costs of the action. The attorney general[, at the request of the director, and] **or**, if requested by the attorney general, the prosecuting attorney of any county, in which a cause of action arose under the provisions for the collection of fees due and unpaid shall institute proper action in the courts of this state for the collection of fees and penalties thereon due and unpaid. The statute of limitation period for the institution of suit for collection shall be one year.

3. All **administrative** fees shall be paid to the state treasurer to be credited to the "Commodity Council Merchandising Fund" which is hereby created. All money credited to the commodity council merchandising fund shall be appropriated by the general assembly for the use and benefit of the commodity councils through the state department of agriculture and specified in the annual appropriations to said state department to be for such purposes[, and when so made shall be by the director of the department of agriculture paid to the treasurer of the council]. The unexpended balance in the commodity council merchandising fund at the end of the annual period shall not be transferred to the ordinary revenue fund of the state treasurer and accordingly shall be exempt from the provisions of section 33.080, RSMo, relating to transfer of funds to the ordinary revenue funds of the state by the treasurer.

4. [At least annually, the director shall submit to the council a statement showing all receipts, refunds and the balance credited to the commodity council merchandising fund.] **The revisions to the Commodity Merchandising Councils Act made by this section and effective on the effective date of this section shall not be deemed to be a major change for purposes of section 275.330.**

5. The director may enter into contracts with appropriate commodity councils, at the request of the commodity councils, to collect, audit and administer checkoff funds and may retain only such fees for the cost of such services, to be deposited into the commodity council merchandising fund.

Section C. Because immediate action is necessary for the public welfare, section B of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section B of this act shall be in full force and effect upon its passage and approval.".

Money received from other districts for transportation, and money derived from taxation for incidental expenses shall be credited to the incidental fund. Money apportioned for free textbooks shall be credited to the free textbook fund. All money derived from taxation or received from any other source for the erection of buildings or additions thereto and the remodeling or reconstruction of buildings and the furnishing thereof, for the payment of lease purchase obligations, for the purchase of real estate, or from sale of real estate, schoolhouses or other buildings of any kind, or school furniture, from insurance, from sale of bonds other than refunding bonds shall be placed to the credit of the capital projects fund. Any and all payments authorized under section 177.088, RSMo, except as otherwise provided in this subsection, for the purchase or lease of sites, buildings, facilities, furnishings and equipment and all other expenditures for capital outlay shall be made from the capital projects fund. If a balance remains in the free textbook fund after books are furnished to pupils as provided in section 170.051, RSMo, it shall be transferred to the teachers' fund. The board may transfer the portion of the balance remaining in the incidental fund to the teachers' fund that is necessary for the total payment of all contracted obligations to teachers. (a) Incur such obligations, except for obligations for lease purchase for school buses, prior to January 1, 1997;

(b) Limit the term of such obligations to no more than twenty years;

(c) Limit annual installment payments on such obligations to an amount no greater than the amount of the payment for the first full year of the obligation, including all payments of principal and interest, except that the amount of the final payment shall be limited to an amount no greater than two times the amount of such first-year payment;

(d) Limit such payments to leasing nonathletic, classroom, instructional facilities as defined by the state board of education through rule; and

(e) Not offer instruction at a higher grade level than was offered by the district on July 12, 1994.

6. A school district shall be eligible to transfer funds pursuant to subsection 7 of this section if:

(1) Prior to August 28, 1993:

(a) The school district incurred an obligation for the purpose of funding payments under a lease purchase contract authorized under section 177.088, RSMo;

(b) The school district notified the appropriate local election official to place an issue before the voters of the district for the purpose of funding payments under a lease purchase contract authorized under section 177.088, RSMo; or

(c) An issue for funding payments under a lease purchase contract authorized under section 177.088, RSMo, was approved by the voters of the district; or

(2) Prior to November 1, 1993, a school board adopted a resolution authorizing an action necessary to comply with subsection 9 of section 177.088, RSMo. Any increase in the operating levy of a district above the 1993 tax rate resulting from passage of an issue described in paragraph (b) of subdivision (1) of this subsection shall be considered as part of the 1993 tax rate for the purposes of subsection 1 of section 164.011, RSMo.

7. Prior to transferring funds pursuant to subsection 4 of this section, a school district may transfer, pursuant to this subsection, from the incidental fund to the capital projects fund an amount as necessary to satisfy an obligation of the capital projects fund that satisfies at least one of the conditions specified in subsection 6 of this section, but not to exceed its payments authorized under section 177.088, RSMo, for the purchase or lease of sites, buildings, facilities, furnishings, equipment, and all other expenditures for capital outlay, plus the amount to be expended for transportation equipment that is considered an allowable cost under state board of education rules for transportation reimbursements during the current year plus any amount necessary to satisfy obligations of the capital projects fund for state-approved area vocational-technical schools. A school district with a levy for school purposes no greater than the minimum levy specified in section 163.021, RSMo, and an obligation in the capital projects fund that satisfies at least one of the conditions specified in subsection 6 of this section, may transfer from the incidental fund to the capital projects fund the amount necessary to meet the obligation plus the transfers pursuant to subsection 4 of this section.

8. Beginning in the 1995-96 school year, the department of elementary and secondary education shall deduct from a school district's state aid calculated pursuant to section 163.031, RSMo, an amount equal to the amount of any transfer of funds from the incidental fund to the capital projects fund performed during the previous year in violation of this section.

9. On or before June 30, [1995] 1999, a school district may transfer to the capital projects fund from the balances of the teachers' and incidental funds any amount, but only to the extent that the amount transferred is equal to or less than the amount that the teachers' and incidental fund unrestricted balances on June 30, 1995, [are equal to or greater than] exceeded eight percent of expenditures from the teachers' and incidental funds for the year ending June 30, 1995.

10. In addition to other transfers authorized under subsections 1 to 9 of this section, a district may transfer from the teachers' and incidental funds to the capital projects fund the amount necessary to repay costs of one or more guaranteed energy savings performance contracts to renovate buildings in the school district; provided that the contract is only for energy conservation measures, as defined in section 640.651, RSMo, and provided that the contract specifies that no payment or total of payments shall be required from the school district until at least an equal total amount of energy and energy-related operating savings and payments from the vendor pursuant to the contract have been realized by the school district."; and

Further amend the title and enacting clause accordingly.

Senate Amendment No. 5

AMEND Senate Committee Substitute for House Committee Substitute for House Bill No. 1469, Page 1, In the Title, Lines 2-3, by striking the following: "certificate of license to teach" and inserting in lieu thereof the following: "teachers"; and

Further amend said bill, page 6, section 168.071, line 101, by inserting after all of said line the following:

"168.221. 1. The first [three] five years of employment of all teachers [and principals] entering the employment of the metropolitan school district shall be deemed a period of probation during which period all appointments of teachers [and principals] shall expire at the end of each school year. During the probationary period any probationary teacher [or principal] whose work is unsatisfactory shall be furnished by the superintendent of schools with a written statement setting forth the nature of his incompetency. If improvement satisfactory to the superintendent is not made within one semester after the receipt of the statement, the probationary teacher [or principal] shall be dismissed. The semester granted the probationary teacher [or principal] in which to improve shall not in any case be a means of prolonging the probationary period beyond [three] five years and six months from the date on which the teacher [or principal] entered the employ of the board of education. The superintendent of schools on or before the fifteenth day of April in each year shall notify probationary teachers [or principals] who will not be retained by the school district of the termination of their services. Any probationary teacher [or principal] who is not so notified shall be deemed to have been appointed for the next school year. Any principal who prior to becoming a principal had attained permanent employee status as a teacher shall upon ceasing to be a principal have a right to resume his or her permanent teacher position with the time served as a principal being treated as if such time had been served as a teacher for the purpose of calculating seniority and pay scale. The rights and duties and remuneration of a teacher who was formerly a principal shall be the same as any other teacher with the same level of qualifications and time of service.

2. After completion of satisfactory probationary services, appointments of teachers [and principals] shall become permanent, subject to removal for any one or more causes herein described and to the right of the board to terminate the services of all who attain the age of compulsory retirement fixed by the retirement system. In determining the duration of the probationary period of employment in this section specified, the time of service rendered as a substitute teacher [or substitute principal] shall not be included.

3. No teacher [or principal] whose appointment has become permanent may be removed except for one or more of the following causes: Immorality, inefficiency in line of duty, violation of the published regulations of the school district, violation of the laws of Missouri governing the public schools of the state, or physical or mental condition which incapacitates him for instructing or associating with children, and then only by a vote of not less than a majority of all the members of the board, upon written charges presented by the superintendent of schools, to be heard by the board after thirty days' notice, with copy of the charges served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. Notifications received by an employee during a vacation period shall be considered as received on the first day of the school term following. At the request of any person so charged the hearing shall be public. The action and decision of the board upon the charges shall be final. Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not by a majority vote of all the members remove the teacher [or principal] upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of the suspension. Inefficiency in line of duty is cause for dismissal only after the teacher [or principal] has been notified in writing at least one semester prior to the presentment of charges against him by the superintendent. The notification shall specify the nature of the inefficiency with such particularity as to enable the teacher [or principal] to be informed of the nature of his inefficiency.

4. No teacher [or principal] whose appointment has become permanent shall be demoted nor shall his salary be reduced unless the same procedure is followed as herein stated for the removal of the teacher [or principal] because of inefficiency in line of duty, and any teacher [or principal] whose salary is reduced or who is demoted may waive the presentment of charges against him by the superintendent and a hearing thereon by the board. The foregoing provision shall apply only to permanent teachers [and principals] prior to the compulsory retirement age under the retirement system. Nothing herein contained shall in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both,

because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction, except that the abolition of particular subjects or courses of instruction shall not cause those teachers who have been teaching the subjects or giving the courses of instruction to be placed on leave of absence as herein provided who are qualified to teach other subjects or courses of instruction, if positions are available for the teachers in the other subjects or courses of instruction.

5. Whenever it is necessary to decrease the number of teachers or principals, or both, because of insufficient funds or a substantial decrease of pupil population within the school district, the board of education upon recommendation of the superintendent of schools may cause the necessary number of teachers or principals, or both, beginning with those serving probationary periods, to be placed on leave of absence without pay, but only in the inverse order of their appointment. Nothing herein stated shall prevent a readjustment by the board of education of existing salary schedules. No teacher or principal placed on a leave of absence shall be precluded from securing other employment during the period of the leave of absence. Each teacher or principal placed on leave of absence shall be reinstated in inverse order of his placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous years of service. No new appointments shall be made while there are available teachers or principals on leave of absence who are seventy years of age or less and who are adequately qualified to fill the vacancy unless the teachers or principals fail to advise the superintendent of schools within thirty days from the date of notification by the superintendent of schools that positions are available to them that they will return to employment and will assume the duties of the position to which appointed not later than the beginning of the school year next following the date of the notice by the superintendent of schools.

6. If any regulation which deals with the promotion of either teachers or principals, or both, is amended by increasing the qualifications necessary to be met before a teacher or principal is eligible for promotion, the amendment shall fix an effective date which shall allow a reasonable length of time within which teachers or principals may become qualified for promotion under the regulations."; and

Further amend the title and enacting clause accordingly.

Second Regular Session, 89th General Assembly

SIXTY-SIXTH DAY, Tuesday, MAY 5, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Hugh Behan.

"Depart from evil and do good." (Ps. 37:27).

Joan Branson in the Chief Clerk's office has a computer screen saver which says "I may bend, but I do not break." How may times are we challenged by the little things of life, a series of frustrations and then we lose it, perhaps for a moment, or for longer. We bend, but do not break. Then there are the bigger questions, the matters of core principles and values, our own personal ones and those of our society. We are tempted to have no fixed principles, to bend and break with every change of the political wind or when challenged by others whose favor we seek or wish to keep. The temptation to let go and be broken is ever present.

Today, Eternal Father, we ask for the grace of being flexible when that is called for, but holding firmly to those core values and ideas which would make us break faith with ourselves in the depths of our soul or with the social contract, the community's deeply held values which are echoed in our hearts, planted there by Your spirit arising from our sacred dignity. May this prayer guide us as we come close to the end of this session.

We remember also in prayer today a former Speaker, Tom Graham, and his son, a former member, Chris Graham, as they lay to rest Edith Graham, wife and mother. May the family be blessed and all those who mourn and are suffering at this time. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Chelsea Davis, Allyson Hawksley, Conner Kirkpatrick, Katie Sunderman, Peter Chollet, Jenna Doisy, Lily Elfrink, Emily Mumm, Tim Gee, Andy Heckmann, Maggie Rahmoeller, Lauren Young, Ben Murphy, Kristina Warlen, Kelly Anstine, Amy Porrett, Brittaney Whittenburg, Brooklyn Whittenburg, Brandt Whittenburg, Brenden Whittenburg, Beth Maddox, Margie Ohlberg, Hope Mattis, Shannon Gardner, Drew Gardner, Anne Gepford, David Melnick, Sarah Rader, Benjamin Singer, Jamie Sachar, Gretchen Lutz, Dawn Crouch, April Boyd, Joseph Campbell,

Jennifer James, Kameron Wooden, Bernadyne Cavitt, Edna M. Foxworth, Kayla McKechnie and Eric Sawyer.

The Journal of the sixty-fifth day was approved as corrected.

(a) Type I marine sanitation device, which produces an effluent having a fecal coliform bacteria count of not greater than one thousand per one hundred milliliters and no visible floating solids;

(b) Type II marine sanitation device, which produces an effluent having a fecal coliform bacteria count not greater than two hundred per one hundred milliliters and suspended solids not greater than one hundred fifty milligrams per liter; and

2. The following vessels equipped with an installed toilet shall be equipped with an operable marine sanitation device:

(1) A vessel sixty-five feet in length and under shall have a type I, II or III marine sanitation device; or

(2) A vessel over sixty-five feet in length shall have a type II or III marine sanitation device.

5. The chosen compliance method pursuant to subdivision (2) of subsection 4 of this section shall totally eliminate the possibility of overboard vessel sewage discharge while in waters of the state. The method chosen shall present a physical barrier to the use of the Y valve, whether accidental or intentional, so that use of the valve cannot occur without the knowledge of the operator of the vessel.

6. For any vessel offered as a noncaptained charter, the leasing entity shall:

(1) Ensure that the vessel complies with this section when presented to the lessor; and

(2) Include the lease agreement, signed by the leasing party, a paragraph outlining the operator's responsibilities pursuant to this section.

House Journal

Second Regular Session, 89th General Assembly

SIXTY-SEVENTH DAY, Wednesday, May 6, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Cheryl L. Tatham.

Gracious God, the peace talks are in jeopardy and grief and tragedy have invaded the sanctity of Vatican City. Peace, shalom - complete, wholeness, absence of hostility - what an elusive thing it is, for us as individuals and for us as a world. And yet we continue to clutch at it as if our lives depend on it, and perhaps they do.

As we come to the middle of this week prior to the end of session, let us find a sense of peace in the accomplishments we've made. Let us feel at rest about issues that have pressured and prodded us. Yet, even as we want peace, we recognize there is still pressure - to complete budgets, to appropriate funds, to please the constituency. In a world where we are entrusted with responsibility, our peace must come from our dependency on You. And so we place our lives - what we do, what we say, what we seek to achieve - into Your keeping, and ask for the inner peace only You can give.

Blessed are You, *Adonai* Our God, Sovereign of the Universe, who has given wisdom to those who seek Your peace. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Amy Roberts, Clare Gates, Daniel Hoffmann, Paul McArthur, Andrew Wahl, Brad Kulifay, Clayton Prewitt, Bonnie Lenzen, Lauren Treppler, Markaisa Black, Malcolm Black, Esther Breithaupt, Justin Russavage, Courtney Aholt, Colton Aholt, Cassy Jo Aholt, Marcus Black, Rachel Murray, Stephen Carr, Stewart Glenn, Deanne Glenn, Paul Glenn, Kyle Russavage, Stephanie Volz and Andrea Schoen.

The Journal of the sixty-sixth day was approved as corrected.

House Amendment No. 2

AMEND House Substitute for House Committee Substitute for Senate Committee Substitute for Senate Bill No. 722, Page 8, Section 5, Line 21 of said page, by inserting after all of said lines the following:

"Section 6. Sections 6 to 15 of this act apply to all group and individual life insurance policies and certificates except:

(1) Variable life insurance;

(2) Individual and group annuity contracts;

(3) Credit life insurance;

(4) Policies written by a company with less than twenty-five million dollars in annual direct written life insurance premiums;

(5) Life insurance policies with no illustrated death benefits on any individual exceeding ten thousand dollars;

(6) Life insurance policies containing guaranteed elements exclusively; or

(7) Single premium policies.

Section 7. As used in sections 6 to 15 of this act, the following terms shall mean:

(1) "Actuarial standards board", the board established by the American Academy of Actuaries to develop and promulgate standards of actuarial practice;

(2) "Contract premium", the gross premium that is required to be paid under a fixed premium policy, including the premium for a rider for which benefits are shown in the illustration;

(3) "Currently payable scale", a scale of nonguaranteed elements in effect for a policy form as of the preparation date of the illustration or declared to become effective within the next ninety-five days;

(4) "Disciplined current scale", a scale of nonguaranteed elements constituting a limit on illustrations currently being illustrated by an insurer that is reasonably based on actual recent historical experience, as certified annually by an illustration actuary designated by the insurer. Further guidance in determining the disciplined current scale as contained in standards established by the actuarial standards board may be relied upon if the standards:

(a) Are consistent with sections 6 to 15 of this act;

(b) Limit a disciplined current scale to reflect only actions that have already been taken or events that have already occurred;

(c) Do not permit a disciplined current scale to include any projected trends of improvements in experience or any assumed improvements in experience beyond the illustration date; and

(d) Do not permit assumed expenses to be less than minimum assumed expenses;

(5) "Generic name", a short title descriptive of the policy being illustrated such as "whole life", "term life" or "flexible premium adjustable life";

(6) "Guaranteed elements", the premiums, benefits, values, credits or charges under a policy of life insurance that are guaranteed and determined at issue;

(7) "Illustrated scale", a scale of nonguaranteed elements currently being illustrated that is not more favorable

to the policy owner than the lesser of:

(a) The disciplined current scale; or

(b) The currently payable scale;

(8) "Illustration", a presentation or depiction that includes nonguaranteed elements of a policy of life insurance over a period of years and that is one of the three types defined below:

(a) "Basic illustration", a ledger or proposal used in the sale of a life insurance policy that shows both guaranteed and nonguaranteed elements;

(b) "Supplemental illustration", an illustration furnished in addition to a basic illustration that meets the applicable requirements of sections 6 to 15 of this act, and that may be presented in a format differing from the basic illustration, but may only depict a scale of nonguaranteed elements that is permitted in a basic illustration;

(c) "In force illustration", an illustration furnished at any time after the policy that it depicts has been in force for one year or more;

(9) "Illustration actuary", an actuary meeting the requirements of section 14 of this act who certifies to illustrations based on the standard practice promulgated by the actuarial standards board;

(10) "Lapse-supported illustration", an illustration of a policy form failing the test of self-supporting illustration as defined in subdivision (16) of this section, under a modified persistency rate assumption using persistency rates underlying the disciplined current scale for the first five years and one hundred percent policy persistency thereafter;

(11) "Minimum assumed expenses", the minimum expenses that may be used in the calculation of the disciplined current scale for a policy form. The insurer may choose to designate each year the method of determining assumed expenses for all policy forms from the following:

(a) Fully allocated expenses;

(b) Marginal expenses; and

(c) A generally recognized expense table on fully allocated expenses representing a significant portion of insurance companies and approved by the National Association of Insurance Commissioners.

Marginal expenses may be used only if greater than a generally recognized expense table. If no generally recognized expense table is approved, fully allocated expenses shall be used;

(12) "Nonguaranteed elements", the premiums, benefits, values, credits or charges under a policy of life insurance that are not guaranteed or not determined at issue;

(13) "Nonterm group life", a group policy or individual policies of life insurance issued to members of an employer group or other permitted group where:

(a) Every plan of coverage was selected by the employer or other group representative;

(b) Some portion of the premium is paid by the group or through payroll deduction; and

(c) Group underwriting or simplified underwriting is used;

(14) "Policy owner", the owner named in the policy or the certificate holder in the case of a group policy;

(15) "Premium outlay", the amount of premium assumed to be paid by the policy owner or other premium payer out-of-pocket;

(16) "Self-supporting illustration", an illustration of a policy form for which it can be demonstrated that, when using experience assumptions underlying the disciplined current scale, for all illustrated points in time on or after the fifteenth policy anniversary or the twentieth policy anniversary for second-or-later-to-die policies, or upon policy expiration if sooner, the accumulated value of all policy cash flows equals or exceeds the total policy owner value available. For this purpose, policy owner value shall include cash surrender values and any other illustrated benefit amounts available at the policy owner's election.

Section 8. 1. Each insurer marketing policies to which sections 6 to 15 of this act are applicable shall notify the director of the department of insurance whether a policy form is to be marketed with or without an illustration. For all policy forms being actively marketed on August 28, 1998, the insurer shall identify in writing those forms and whether or not an illustration will be used with them. For policy forms filed after August 28, 1998, the identification shall be made at the time of filing. Any previous identification may be changed by notice to the director of the department of insurance.

2. If the insurer identifies a policy form as one to be marketed without an illustration, any use of an illustration for

any policy using that form prior to the first policy anniversary is prohibited.

3. If a policy form is identified by the insurer as one to be marketed with an illustration, a basic illustration prepared and delivered in accordance with sections 6 to 15 of this act is required, except that a basic illustration need not be provided to individual members of a group or to individuals insured under multiple lives coverage issued to a single applicant unless the coverage is marketed to these individuals. The illustration furnished an applicant for a group life insurance policy or policies issued to a single applicant on multiple lives may be either an individual or composite illustration representative of the coverage on the lives of members of the group or the multiple lives covered.

4. Potential enrollees of nonterm group life subject to sections 6 to 15 of this act shall be furnished a quotation with the enrollment materials. The quotation shall show potential policy values for sample ages and policy years on a guaranteed and nonguaranteed basis appropriate to the group and the coverage. This quotation shall not be considered an illustration for purposes of sections 6 to 15 of this act, but all information provided shall be consistent with the illustrated scale. A basic illustration shall be provided at delivery of the certificate to enrollees for nonterm group life who enroll for more than the minimum premium necessary to provide pure death benefit protection. In addition, the insurer shall make a basic illustration available to any nonterm group life enrollee who requests it.

Section 9. 1. An illustration used in the sale of a life insurance policy shall satisfy the applicable requirements of sections 6 to 15 of this act, be clearly labeled "life insurance illustration" and contain the following basic information:

(1) Name of insurer;

(2) Name and business address of producer or insurer's authorized representative, if any;

(3) Name, age and sex of proposed insured, except where a composite illustration is permitted pursuant to sections 6 to 15 of this act;

(4) Underwriting or rating classification upon which the illustration is based;

(5) Generic name of policy, the company product name, if different, and form number;

(6) Initial death benefit; and

(7) Dividend option election or application of nonguaranteed elements, if applicable.

2. When using an illustration in the sale of a life insurance policy, an insurer or its producers or other authorized representatives shall not:

(1) Represent the policy as anything other than a life insurance policy;

(2) Use or describe nonguaranteed elements in a manner that is misleading or has the capacity or tendency to mislead;

(3) State or imply that the payment or amount of nonguaranteed elements is guaranteed;

(4) Use an illustration that does not comply with the requirements of sections 6 to 15 of this act;

(5) Use an illustration that at any policy duration depicts policy performance more favorable to the policy owner than that produced by the illustrated scale of the insurer whose policy is being illustrated;

(6) Provide an applicant with an incomplete illustration;

(7) Represent in any way that premium payments will not be required for each year of the policy in order to maintain the illustrated death benefits, unless that is the fact;

(8) Use the term "vanish" or "vanishing premium", or a similar term that implies the policy becomes paid up, to describe a plan for using nonguaranteed elements to pay a portion of future premiums;

(9) Except for policies that can never develop nonforfeiture values, use an illustration that is "lapse-supported"; or

(10) Use an illustration that is not "self-supporting".

3. If an interest rate used to determine the illustrated nonguaranteed elements is shown, it shall not be greater than the earned interest rate underlying the disciplined current scale.

Section 10. 1. A basic illustration shall conform with the following requirements:

(1) The illustration shall be labeled with the date on which it was prepared;

(2) Each page, including any explanatory notes or pages, shall be numbered and show its relationship to the total number of pages in the illustration;

(3) The assumed dates of payment receipt and benefit pay-out within a policy year shall be clearly identified;

(4) If the age of the proposed insured is shown as a component of the tabular detail, it shall be issue age plus the numbers of years the policy is assumed to have been in force;

(5) The assumed payments on which the illustrated benefits and values are based shall be identified as premium outlay or contract premium, as applicable. For policies that do not require a specific contact premium, the illustrated payments shall be identified as premium outlay;

(6) Guaranteed death benefits and values available upon surrender, if any, for the illustrated premium outlay or contract premium shall be shown and clearly labeled guaranteed;

(7) If the illustration shows any nonguaranteed elements, they cannot be based on a scale more favorable to the policy owner than the insurer's illustrated scale at any duration. These elements shall be clearly labeled nonguaranteed;

(8) The guaranteed elements, if any, shall be shown before corresponding nonguaranteed elements and shall be specifically referred to on any page of an illustration that shows or describes only the nonguaranteed elements;

(9) The account or accumulation value of a policy, if shown, shall be identified by the name this value is given in the policy being illustrated and shown in close proximity to the corresponding value available upon surrender;

(10) The value available upon surrender shall be identified by the name this value is given in the policy being illustrated and shall be the amount available to the policy owner in a lump sum after deduction of surrender charges, policy loans and policy loan interest as applicable;

(11) Illustrations may show policy benefits and values in graphic or chart form in addition to the tabular form;

(12) Any illustration of nonguaranteed elements shall be accompanied by a statement indicating that:

(a) The benefits and values are not guaranteed;

(b) The assumptions on which they are based subject to change by the insurer; and

(c) Actual results may be more or less favorable;

(13) If the illustration shows that the premium payer may have the option to allow policy charges to be paid using nonguaranteed values, the illustration shall clearly disclose that a charge continues to be required and that, depending on actual results, the premium payer may need to continue or resume premium outlays. Similar disclosure shall be made for premium outlay of lesser amounts or shorter durations than the contract premium. If a contract premium is due, the premium outlay display shall not be left blank or show zero unless accompanied by an asterisk or similar mark to draw attention to the fact that the policy is not paid up;

(14) If the applicant plans to use dividends or policy values, guaranteed or nonguaranteed, to pay all or a portion of the contract premium or policy charges, or for any other purpose, the illustration may reflect those plans and the impact on future policy benefits and values.

2. A basic illustration shall include the following:

(1) A brief description of the policy being illustrated, including a statement that it is a life insurance policy;

(2) A brief description of the premium outlay or contract premium, as applicable, for the policy. For a policy that does not require payment of a specific contract premium, the illustration shall show the premium outlay that shall be paid to guarantee coverage for the term of the contract, subject to maximum premiums allowable to qualify as a life insurance policy pursuant to the applicable provisions of the Internal Revenue Code;

(3) A brief description of any policy features, riders or options, guaranteed or nonguaranteed, shown in the basic illustration and the impact they may have on the benefits and values of the policy;

(4) Identification and a brief definition of column headings and key terms used in the illustration; and

(5) A statement containing in substance the following: "This illustration assumes that the currently illustrated nonguaranteed elements will continue unchanged for all years shown. This is not likely to occur, and actual results may be more or less favorable than those shown.".

3. Following the narrative summary, a basic illustration shall include a numeric summary of the death benefits and values and the premium outlay and contract premium, as applicable. For a policy that provides for a contract premium, the guaranteed death benefits and values shall be based on the contract premium. This summary shall be shown for at least policy years five, ten and twenty and at age seventy, if applicable, on the three bases shown in subdivisions (1) to (3) of this subsection. For multiple life policies the summary shall show policy years five, ten, twenty and thirty.

(1) Policy guarantees;

(2) Insurer's illustrated scale;

(3) Insurer's illustrated scale used but with the nonguaranteed elements reduced as follows:

(a) Dividends at fifty percent of the dividends contained in the illustrated scale used;

(b) Nonguaranteed credited interest at rates that are the average of the guaranteed rates and the rates contained in the illustrated scale used; and

(c) All nonguaranteed charges, including but not limited to, term insurance charges, mortality and expense charges, at rates that are the average of the guaranteed rates and the rates contained in the illustrated scale used.

In addition, if coverage would cease prior to policy maturity or age one hundred, the year in which coverage ceases shall be identified for each of the three bases.

4. Statements substantially similar to the following shall be included on the same page as the numeric summary and signed by the applicant, or the policy owner in the case of an illustration provided at time of delivery, as required in sections 6 to 15 of this act:

(1) A statement to be signed and dated by the applicant or policy owner reading as follows: "I have received a copy of this illustration and understand that any nonguaranteed elements illustrated are subject to change and could be either higher or lower. The agent has told me they are not guaranteed."; and

(2) A statement to be signed and dated by the insurance producer or other authorized representative of the insurer reading as follows: "I certify that this illustration has been presented to the applicant and that I have explained that any nonguaranteed elements illustrated are subject to change. I have made no statements that are inconsistent with the illustration.".

5. (1) A basic illustration shall include the following for at least each policy year from one to ten and for every fifth policy thereafter ending at age one hundred, policy maturity or final expiration; and except for term insurance beyond the twentieth year, for any year in which the premium outlay and contract premium, if applicable, is to change:

(a) The premium outlay and mode the applicant plans to pay and the contract premium, as applicable;

(b) The corresponding guaranteed death benefit, as provided in the policy; and

(c) The corresponding guaranteed value available upon surrender, as provided in the policy.

(2) For a policy that provides for a contract premium, the guaranteed death benefit and value available upon surrender shall correspond to the contract premium.

(3) Nonguaranteed elements may be shown if described in the contract. In the case of an illustration for a policy on which the insurer intends to credit terminal dividends, they may be shown if the insurer's current practice is to pay terminal dividends. If any nonguaranteed elements are shown, they shall be shown at the same durations as the corresponding guaranteed elements, if any. If no guaranteed benefit or value is available at any duration for which a nonguaranteed benefit or value is shown, a zero shall be displayed in the guaranteed column.

Section 11. 1. A supplemental illustration may be provided so long as:

(1) It is appended to, accompanied by or preceded by a basic illustration that complies with sections 6 to 15 of this act;

(2) The nonguaranteed elements shown are not more favorable to the policy owner than the corresponding elements based on the scale used in the basic illustration;

(3) It contains the same statement required of a basic illustration that nonguaranteed elements are not guaranteed; and

(4) For a policy that has a contract premium, the contract premium underlying the supplemental illustration is equal to the contract premium shown in the basic illustration. For policies that do not require a contract premium, the premium outlay underlying the supplemental illustration shall be equal to the premium outlay shown in the basic illustration.

2. The supplemental illustration shall include a notice referring to the basic illustration for guaranteed elements and other important information.

Section 12. 1. (1) If a basic illustration is used by an insurance producer or other authorized representative of the insurer in the sale of a life insurance policy and the policy is applied for as illustrated, a copy of that

illustration, signed in accordance with sections 6 to 15 of this act, shall be submitted to the insurer at the time of policy application. A copy also shall be provided to the applicant.

(2) If the policy is issued other than as applied for, a revised basic illustration conforming to the policy as issued shall be sent with the policy. The revised illustration shall conform to the requirements of sections 6 to 15 of this act, shall be labeled "Revised Illustration" and shall be signed and dated by the applicant or policy owner and producer or other authorized representative of the insurer no later than the time the policy is delivered. A copy shall be provided to the insurer and the policy owner.

2. (1) If no illustration is used by an insurance producer or other authorized representative in the sale of a life insurance policy or if the policy is applied for other than as illustrated, the producer or representative shall certify to that effect in writing on a form provided by the insurer. On the same form the applicant shall acknowledge that no illustration conforming to the policy applied for was provided and shall further acknowledge an understanding that an illustration conforming to the policy as issued will be provided no later than at the time of policy delivery. This form shall be submitted to the insurer at the time of policy application.

(2) If the policy is issued, a basic illustration conforming to the policy as issued shall be sent with the policy and signed no later than the time the policy is delivered. A copy shall be provided to the insurer and the policy owner.

3. If the basic illustration or revised illustration is sent to the applicant or policy owner by mail from the insurer, it shall include instructions for the applicant or policy owner to sign the duplicate copy of the numeric summary page of the illustration for the policy issued and return the signed copy to the insurer. The insurer's obligation pursuant to this subsection shall be satisfied if it can demonstrate that it has made a diligent effort to secure a signed copy of the numeric summary page. The requirement to make a diligent effort shall be deemed satisfied if the insurer includes in the mailing a self-addressed postage prepaid envelope with instructions for the return of the signed numeric summary page.

4. A copy of the basic illustration and a revised basic illustration, if any, signed as applicable, along with any certification that either no illustration was used or that the policy was applied for other than as illustrated, shall be retained by the insurer until three years after the policy is no longer in force. A copy need not be retained if no policy is issued.

Section 13. 1. In the case of a policy designated as one for which illustrations will be used, the insurer shall provide each policy owner with an annual report on the status of the policy that shall contain at least the following information:

(1) For universal life policies, the report shall include the following:

(a) The beginning and end date of the current report period;

(b) The policy value at the end of the previous report period and at the end of the current report period;

(c) The total amounts that have been credited or debited to the policy value during the current report period, identifying each by type (e.g., interest, mortality, expense and riders);

(d) The current death benefit at the end of the current report period on each life covered by the policy;

(e) The net cash surrender value of the policy as of the end of the current report period;

(f) The amount of outstanding loans, if any, as of the end of the current report period; and

(g) For fixed premium policies if, assuming guaranteed interest, mortality and expense loads and continued scheduled premium payments, the policy's net cash surrender value is such that it would not maintain insurance in force until the end of the next reporting period, a notice to this effect shall be included in the report; or

(h) For flexible premium policies if, assuming guaranteed interest, mortality and expense loads, the policy's net cash surrender value will not maintain insurance in force until the end of the next reporting period unless further premium payments are made, a notice to this effect shall be included in the report.

(2) For all other policies, where applicable:

(a) Current death benefit;

(b) Annual contract premium;

(c) Current cash surrender value;

(d) Current dividend;

(e) Application of current dividend; and

(f) Amount of outstanding loan.

(3) Insurers writing life insurance policies that do not build nonforfeiture values shall only be required to provide an annual report with respect to these policies for those years when a change has been made to nonguaranteed policy elements by the insurer.

2. If the annual report does not include an in-force illustration, it shall contain the following notice displayed prominently: "IMPORTANT POLICY OWNER NOTICE: You should consider requesting more detailed information about your policy to understand how it may perform in the future. You should not consider replacement of your policy or make changes in your coverage without requesting a current illustration. You may annually request, without charge, such an illustration by calling . . . . . (insurer's phone number), writing to . . . . . (insurer's name) at . . . . . (insurer's address) or contacting your agent. If you do not receive a current illustration of your policy within thirty days from your request, you should contact your state insurance department." The insurer may vary the sequential order of the methods for obtaining an in-force illustration.

3. Upon the request of the policy owner, the insurer shall furnish an in-force illustration of current and future benefits and values based on the insurer's present illustrated scale. This illustration shall comply with the requirements of subsections 1 and 2 of section 9 of this act and subsections 1 and 5 of section 10 of this act. No signature or other acknowledgement of receipt of this illustration shall be required.

4. If an adverse change in nonguaranteed elements that could affect the policy has been made by the insurer since the last annual report, the annual report shall contain a notice of that fact and the nature of the change prominently displayed.

Section 14. 1. The board of directors of each insurer shall appoint one or more illustration actuaries.

2. The illustration actuary shall certify that the disciplined current scale used in illustrations is in conformity with the actuarial standard of practice for compliance with the NAIC model regulation of life insurance illustrations promulgated by the actuarial standards board, and that the illustrated scales used in insurer-authorized illustrations meet the requirements of sections 6 to 15 of this act.

3. The illustration actuary shall:

(1) Be a member in good standing of the American Academy of Actuaries;

(2) Be familiar with the standard of practice regarding life insurance policy illustrations;

(3) Not have been found by the director of the department of insurance, following appropriate notice and hearing to have:

(a) Violated any provision of, or any obligation imposed by, the insurance law or other law in the course of his or her dealings as an illustration actuary;

(b) Been found guilty of fraudulent or dishonest practices;

(c) Demonstrated his or her incompetence, lack of cooperation, or untrustworthiness to act as an illustration actuary; or

(d) Resigned or been removed as an illustration actuary within the past five years as a result of acts or omissions indicated in any adverse report on examination or as a result of a failure to adhere to generally acceptable actuarial standards;

(4) Not fail to notify the director of the department of insurance of any action taken by a commissioner or director of insurance of another state similar to that pursuant to subdivision (3) of this subsection;

(5) Disclose in the annual certification whether, since the last certification, a currently payable scale applicable for business issued within the previous five years and within the scope of the certification has been reduced for reasons other than changes in the experience factors underlying the disciplined current scale. If nonguaranteed elements illustrated for new policies are not consistent with those illustrated for similar in-force policies, this shall be disclosed in the annual certification. If nonguaranteed elements illustrated for both new and in-force policies are not consistent with the nonguaranteed elements actually being paid, charged or credited to the same or similar forms, this shall be disclosed in the annual certification; and

(6) Disclose in the annual certification the method used to allocate overhead expenses for all illustrations:

(a) Fully allocated expenses;

(b) Marginal expenses; or

(c) A generally recognized expense table based on fully allocated expenses representing a significant portion of insurance companies and approved by the director of the department of insurance.

4. (1) The illustration actuary shall file a certification with the board and with the director of the department of insurance:

(a) Annually for all policy forms for which illustrations are used; and

(b) Before a new policy form is illustrated.

(2) If an error in a previous certification is discovered, the illustration actuary shall notify the board of directors of the insurer and the director of the department of insurance promptly.

5. If an illustration actuary is unable to certify the scale for any policy form illustration the insurer intends to use, the actuary shall notify the board of directors of the insurer and the director of the department of insurance promptly of his or her inability to certify.

6. A responsible officer of the insurer, other than the illustration actuary, shall certify annually:

(1) That the illustration formats meet the requirements of sections 6 to 15 of this act and that the scales used in insurer-authorized illustrations are those scales certified by the illustration actuary; and

(2) That the company has provided its agents with information about the expense allocation method used by the company in its illustrations and disclosed as required in subdivision (6) of subsection 3 of this section.

7. The annual certifications shall be provided to the director of the department of insurance each year by a date determined by the insurer.

8. If an insurer changes the illustration actuary responsible for all or a portion of the company's policy forms, the insurer shall notify the director of the department of insurance of that fact promptly and disclose the reason for the change.

Section 15. In addition to any other penalties provided by the laws of this state, an insurer or producer that violates a requirement of sections 6 to 15 of this act shall be guilty of an unfair trade practice pursuant to sections 375.930 to 375.948, RSMo.

Section 16. Sections 6 to 15 of this act shall only apply to policies governed by sections 6 to 15 of this act which are marketed after January 1, 1999.".

Second Regular Session, 89th General Assembly

SIXTY-EIGHTH DAY, Thursday, May 7, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Cheryl L. Tatham.

On this National Day of Prayer, O Lord, let us pause to lift our hearts to You. Often times our prayers are as selfish as our wants and desires. Forgive us, Lord, when it seems that the decisions we make are based more on human emotion, personal opinion and private agenda than on prayerful discernment. Remind us that You deal with issues from the perspective of grace, mercy, forgiveness, love and compassion.

Let us remember, O Holy God, that You are neither Democrat, Republican, nor Independent, but rather, that You stand on the side of the poor, the oppressed, the victimized, the marginalized, the voiceless in an unjust and inequitable society.

As the days of this session draw to a close, hear our prayers for courage to stand for what we believe, stamina to withstand long days and late nights, vision to see beyond our own agendas, and gratitude for loving us in spite of ourselves. Hear our heart cries, O God, and sustain us. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Anastasia Sepikova, Anthony Coleman, Bryce Robinson, Stephanie Addison, Jordan Ferger, Andrew Guin, Chelsea Ringo, Jennifer Reilly, Adrianne MacMillen, Kellie Brady, Shawn Blake, Alexandra Smith, Jessica Humphrey, Brandon Halpin, Emily Yoder, Jeff Cohee, Jessica Besaw and Rachel Coffelt.

The Journal of the sixty-seventh day was approved as corrected.

5. The charter school shall be a Missouri nonprofit corporation incorporated pursuant to chapter 355, RSMo. The charter provided for herein shall constitute a contract between the sponsor and the charter school.

6. For purposes of this subsection, a "high-risk" student is one who is at least one year behind in satisfactory completion of coursework or obtaining credits for graduation, pregnant or a parent, homeless or has been homeless sometime within the preceding six months, has limited English proficiency, has been suspended from school three or more times, or has been referred by the school district for enrollment in an alternative program. "Dropout" shall be defined through the guidelines of the school core data report. The provisions of this subsection do not apply to charters sponsored by the state board of education.

3. If a charter is approved by a sponsor, it shall be submitted to the state board of education which may, within forty-five days, disapprove the granting of the charter. The state board of education may disapprove a charter only on grounds that the application fails to meet the requirements of sections 4 to 8 of this act.

4. Any disapproval of a charter pursuant to subsection 3 of this section shall be subject to judicial review pursuant to chapter 536, RSMo.

5. A charter school shall, as provided in its charter:

(1) Be nonsectarian in its programs, admission policies, employment practices, and all other operations;

(2) Comply with laws and regulations of the state relating to health, safety, and minimum educational standards;

(3) Except as provided in sections 4 to 8 of this act, be exempt from all laws and rules relating to schools, governing boards and school districts;

(4) Be financially accountable, use practices consistent with the Missouri financial accounting manual, provide for an annual audit by a certified public accountant, and provide liability insurance to indemnify the school, its board, staff and teachers against tort claims. For the purposes of securing such insurance, a charter school shall be eligible for the Missouri public entity risk management fund pursuant to section 537.700, RSMo. A charter school that incurs debt must include a repayment plan in its financial plan;

(5) Provide a comprehensive program of instruction for at least one grade or age group from kindergarten through grade twelve, which may include early childhood education if funding for such programs is established by statute, as specified in its charter;

(6) Design a method to measure pupil progress toward the pupil academic standards adopted by the state

board of education pursuant to section 160.514, RSMo, collect baseline data during at least the first three years for determining how the charter school is performing and to the extent applicable, participate in the statewide system of assessments, comprised of the essential skills tests and the nationally standardized norm-referenced achievement tests, as designated by the state board pursuant to section 160.518, RSMo, complete and distribute an annual report card as prescribed in section 160.522, RSMo, report to its sponsor, the local school district, and the state board of education as to its teaching methods and any educational innovations and the results thereof, and provide data required for the study of charter schools pursuant to subsection 3 of section 6 of this act. No charter school will be considered in the Missouri school improvement program review of the district in which it is located for the resource or process standards of the program. Nothing in this paragraph shall be construed as permitting a charter school to be held to lower performance standards than other public schools within a district; however, the charter of a charter school may permit students to meet performance standards on a different time frame as specified in its charter;

(7) Assure that the needs of special education children are met.

6. The charter of a charter school may be amended at the request of the governing body of the charter school and on the approval of the sponsor. The sponsor and the governing board and staff of the charter school shall jointly review the school's performance, management, and operations at least once every two years.

7. (1) A sponsor may revoke a charter at any time if the charter school commits a serious breach of one or more provisions of its charter or on any of the following grounds: failure to meet academic performance standards as set forth in its charter, failure to meet generally accepted standards of fiscal management, or violation of law.

(2) The sponsor may place the charter school on probationary status to allow the implementation of a remedial plan, after which, if such plan is unsuccessful, the charter may be revoked.

(3) At least sixty days before acting to revoke a charter, the sponsor shall notify the board of directors of the charter school of the proposed action in writing. The notice shall state the grounds for the proposed action. The school's board of directors may request in writing a hearing before the sponsor within two weeks of receiving the notice.

(4) The sponsor of a charter school shall establish procedures to conduct administrative hearings upon determination by the sponsor that grounds exist to revoke a charter. Final decisions of a sponsor from hearings conducted pursuant to this subsection are subject to judicial review pursuant to chapter 536, RSMo.

(5) A termination shall be effective only at the conclusion of the school year, unless the sponsor determines that continued operation of the school presents a clear and immediate threat to health and safety of the children.

8. A school district may enter into a lease with a charter school for physical facilities. A charter school may not be located on the property of a school district unless the district governing board agrees.

9. A governing board or a school district employee who has control over personnel actions shall not take unlawful reprisal against another employee at the school district because the employee is directly or indirectly involved in an application to establish a charter school. A governing board or a school district employee shall not take unlawful reprisal against an educational program of the school or the school district because an application to establish a charter school proposes the conversion of all or a portion of the educational program to a charter school. As used in this subsection, "unlawful reprisal" means an action that is taken by a governing board or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to another employee or an educational program.

Section 6. 1. A charter school shall enroll all pupils resident in the district in which it operates or eligible to attend a district's school under an urban voluntary transfer program who submit a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education; and

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school.

2. A charter school shall not limit admission based on ethnicity, national origin, disability, gender, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level.

3. The department of elementary and secondary education shall commission a study of the performance of students at each charter school in comparison with a comparable group and a study of the impact of charter schools upon the districts in which they are located, to be conducted by a contractor selected through a request for proposal. The department of elementary and secondary education shall reimburse the institute from

funds appropriated by the general assembly for the purpose. The study of a charter school's student performance in relation to a comparable group shall be designed to provide information that would allow parents and educators to make valid comparisons of academic performance between the charter school's students and a group of students comparable to the students enrolled in the charter school. The impact study shall be undertaken every two years to determine the effect of charter schools on education stakeholders in the districts where charter schools are operated. The impact study may include, but is not limited to, determining if changes have been made in district policy or procedures attributable to the charter school and to perceived changes in attitudes and expectations on the part of district personnel, school board members, parents, students, the business community, and other education stakeholders. The department of elementary and secondary education shall make the results of the studies public and shall deliver copies to the governing boards of the charter schools, the sponsors of the charter school, the school board and superintendent of the districts in which the charter schools are operated.

Section 7. 1. For the purposes of calculation and distribution of state school aid under section 163.031, RSMo, pupils enrolled in a charter school shall be included in the pupil enrollment of the school district within which each pupil resides, except that payment of state aid for such pupil shall be made by the department of elementary and secondary education to the charter school attended as provided in subsection 2 of this section and shall not be made to the pupil's district of residence. Each charter school shall report the names, addresses, and eligibility for free or reduced price lunch or other categorical aid, of pupils resident in a school district who are enrolled in the charter school to the school district in which those pupils reside and to the state department of elementary and secondary education. Each charter school shall promptly notify the state department of elementary and secondary education and the pupil's school district when a student discontinues enrollment at a charter school.

2. For each pupil attending a charter school, the department of elementary and secondary education shall pay to the charter school an annual amount equal to the per pupil state aid pursuant to section 163.031, RSMo, which would otherwise be received by the pupil's district of residence plus all other state aid attributable to such pupil, including summer school, if applicable, and the pupil's school district of residence shall pay to the charter school the product of the equalized, adjusted operating levy for school purposes for the pupil's district of residence for the current year times the guaranteed tax base per eligible pupil, as defined in section 163.011, RSMo, less the amount paid by the department to the charter school pursuant to this subsection. The district of residence of a pupil attending a charter school shall also pay to the charter school any other federal or state aid that the district receives on account of such child. The amounts provided pursuant to this subsection shall be prorated for partial year enrollment for a pupil.

3. If a school district fails to make timely payments of any amount for which it is the disbursal agent, the state department of elementary and secondary education shall authorize payment to the charter school of the amount due pursuant to subsection 2 of this section and shall deduct the same amount from the next state school aid apportionment to the owing school district.

4. The charter school and a local school board may agree by contract for services to be provided by the school district to the charter school. The charter school may contract with any other entity for services. Such services may include but are not limited to food service, custodial service, maintenance, management assistance, curriculum assistance, media services, and libraries and shall be subject to negotiation between the charter school and the local school board or other entity. Documented actual costs of such services shall be paid for by the charter school.

5. A charter school may enter into contracts with community partnerships and state agencies acting in collaboration with such partnerships that provide services to children and their families linked to the school.

6. A charter school shall be eligible for transportation state aid pursuant to section 163.161, RSMo, and shall be free to contract with the local district, or any other entity, for the provision of transportation to the students of the charter school.

7. (1) The proportionate share of state and federal resources generated by students with disabilities or staff serving them shall be paid in full to charter schools enrolling those students by their school district where such enrollment is through a contract for services described in this section. The proportionate share of money generated under other federal or state categorical aid programs shall be directed to charter schools serving such students eligible for that aid.

(2) A charter school district shall provide the special services provided pursuant to section 162.705, RSMo, and may provide the special services pursuant to a contract with a school district or any provider of such services.

8. A charter school may not charge tuition, nor may it impose fees that a school district is prohibited from imposing.

9. A charter school is authorized to incur debt in anticipation of receipt of funds. A charter school may also borrow to finance facilities and other capital items. A school district may incur bonded indebtedness or take other measures to provide for physical facilities and other capital items for charter schools that it sponsors or contracts with. Upon the dissolution of a charter school, any liabilities of the corporation will be satisfied through the procedures of chapter 355, RSMo.

10. Charter schools shall not have the power to acquire property by eminent domain.

11. The governing body of a charter school is authorized to accept grants, gifts, or donations of any kind and to expend or use such grants, gifts, or donations. A grant, gift, or donation may not be accepted by the governing body if it is subject to any condition contrary to law applicable to the charter school or other public schools, or contrary to the terms of the charter.

Section 8. 1. If a charter school offers to retain the services of an employee of a school district, and the employee accepts a position at the charter school, the contract between the charter school and the school district may provide that an employee at the employee's option may remain an employee of the district and the charter school shall pay to the district the district's full costs of salary and benefits provided to the employee. A teacher who accepts a position at a charter school and opts to remain an employee of the district retains such teacher's permanent teacher status and seniority rights in the district for a period no longer than three years. The school district shall not be liable for any such employee's acts while an employee of the charter school.

2. A charter school may employ noncertificated instructional personnel; provided that no more than twenty percent of the full-time equivalent instructional staff positions at the school are filled by noncertificated personnel. The charter school shall ensure that all instructional employees of the charter school have experience, training and skills appropriate to the instructional duties of the employee, and the charter school shall ensure that a criminal background check and child abuse registry check are conducted for each employee of the charter school prior to the hiring of the employee. Appropriate experience, training and skills of noncertificated instructional personnel shall be determined considering:

(1) Teaching certificates issued by another state or states;

(2) Certification by the National Standards Board;

(3) College degrees in the appropriate field;

(4) Evidence of technical training and competence when such is appropriate; and

(5) Level of supervision and coordination with certificated instructional staff.

3. Personnel employed by the charter school shall participate in the retirement system of the school district in which the charter school is located, subject to the same terms, conditions, requirements and other provisions applicable to personnel employed by the school district.*".*

And further that the conferees be bound to adopt the following amendment:

"Amend said bill, page 2, section 208.185, line 12, of said page, by striking the word "available" and inserting in lieu thereof the following: "**gross**"; and

Further amend said bill and section, page 4, lines 20 to 22, of said page, by striking all of said lines; and further amend said bill and section, page 5, lines 1 and 2, of said page, by striking all of said lines and inserting in lieu thereof the following:

"**7. There shall be a thirty day waiting period after enrollment for uninsured children in families with a gross income of more than two hundred percent of the federal poverty level before the child becomes eligible for insurance under the provisions under this act. If the parent or guardian with a gross income of more than two hundred percent of the federal poverty level does not make the copayment or premium payment required in this section, the child shall not be eligible for coverage under this act for six months after the department provides notice of such failure to the parent or guardian.**"; and

House Journal

Second Regular Session, 89th General Assembly

SEVENTY-FIRST DAY, Monday, May 11, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Cheryl L. Tatham.

Holy God, as a body, the representatives of this House have worked hard this session to achieve what may have, at times, seemed impossible. At times, what seemed simple became difficult; what seemed insurmountable passed along without issue. In this final week, let each one here be assured that they have done their best; that they have given the attention necessary to the things that needed doing.

In this country of so many wonderful freedoms, allow these representatives freedom from undue criticism, freedom from unnecessary harassment, freedom from biased media scrutiny and let them finish out this week with a mutual respect for one another even in the midst of their political differences.

Be present with President Clinton as he contends with issues of thwarted peace negotiations; be with Governor Carnahan as he faces the decisions he must make as he looks at the work of this Assembly. And be with each of us, guide us, and let us be true and faithful servants to this state and to You. O Lord, hear our prayers. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Cassie Driskel, Tabitha Pitts, Eric Hinkle, Curtiss Davis, Zachary Tyrl and Jonathan Bruntrager.

The Journal of the sixty-ninth day was approved as corrected.

The Journal of the seventieth day was approved as printed.

HOUSE SUBSTITUTE

FOR

HOUSE CONCURRENT RESOLUTION NO. 17

RESOLUTION RELATING TO RATIFICATION OF

THE UNITED NATIONS CONVENTION ON THE ELIMINATION OF

ALL FORMS OF DISCRIMINATION AGAINST WOMEN

WHEREAS, the United Nations Convention on the Elimination of All Forms of Discrimination Against Women was adopted by the United Nations General Assembly on December 18, 1979, became an international treaty on September 3, 1981, and by January of 1988, 161 nations including all members of the United Nations in the industrialized world, except the United States, have ratified or acceded to the Convention's provisions; and

WHEREAS, if the United States adopts this treaty, it could subject our laws to monitoring by an international committee dominated by Communist and Third World countries which have often shown little respect for the women of their own countries; and

WHEREAS, if this treaty is adopted, women could neither be exempted from military draft registration or conscription nor excluded from combat duty positions; and

WHEREAS, adoption of this treaty could violate our Constitutional protection of separation of church and state, because Article 1 of the treaty makes clear that the treaty purports to control "private organizations and even interpersonal relationships" and it will "reach into areas that are not regulated by the federal government"; and Article 2, Section (e) calls into question the issue of "membership in private clubs or organizations," and warns that "appropriate corrective legislation or reservations may be necessary in these areas"; the treaty makes no exception for religious organizations, churches or church schools; and Section (f) specifically governs "customs and practices." Specifically, under this treaty the Roman Catholic Church, the Mormon Church and other religions would be compelled to admit women into all religious offices, in contradiction to their religious creeds; and

WHEREAS, Article 11(d) of the treaty would require Congress to legislate Comparable Worth (equal pay for "work of equal value" -- not equal pay for equal work.) All countries that relay on government-set wages have lower wages and lower standards of living than the United States; and

WHEREAS, the treaty would give the federal government additional duties and coincidentally additional power. Article 10 would make it a federal responsibility to ensure the "elimination of any stereo typed concept of the roles of men and women at all levels and in all forms of education" calling for the federal government -- not the states -- to administer schools and revise textbooks; Article 16 would require the federal government to take over the entire area of family law, including marriage, divorce, child custody and property; and Article 24 requires the "adoption of all necessary measures at the national level."; and

WHEREAS, the treaty is extremely vague and many citizens already have a great concern about the power of the United Nations over the sovereignty of the United States. The United Nations' Treaty adopted at the Convention on the Elimination of All Forms of Discrimination Against Women would further expand the United Nations' power over the United States; and

WHEREAS, President Bill Clinton and Secretary of State Madeleine Albright have placed this treaty, the United Nations Convention on the Elimination of all Forms of Discrimination Against Women, in the highest category of

priority in order to accelerate the treaty's passage through the United States Senate Foreign Relations Committee and the full United States Senate, with the goal of United States ratification:

NOW, THEREFORE, BE IT RESOLVED that this legislative body exhort the United States Senate Foreign Relations Committee to not pass this treaty out of Committee; and

BE IT FURTHER RESOLVED that this legislative body strongly urge the Senate of the United States to protect and defend the fundamental rights of all American men and women; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for President Bill Clinton, Secretary of State Madeleine Albright, President of the Senate Al Gore, Chair of the Senate Foreign Relations Committee, Jesse Helms and all members of the Missouri Congressional Delegation.

HCR 17, with HS, pending, was laid over.

8. The office of administration on behalf of the state of Missouri may contract with institutions of higher education for the development or operation or both of state employee training programs transmitted by telecommunications technology.

9. Instructional programs developed pursuant to this section which are transmitted one way through the airwaves or by cable television shall be available to all residents of this state without charge or fee to the extent permitted by the Missouri Constitution. "Without charge or fee" shall not require the providing of equipment to transmit or receive telecommunications instruction or the providing of commercial cable television service. If the instructional program involves two-way, interactive communication between the instructor and the participant, the district or institution operating the program may prescribe academic prerequisites and limit the number of persons who may enroll in the specific program and give preference to residents of the district or institutional attendance area who are age twenty-one or younger but shall not discriminate against any resident on any other basis. A fee may be charged which shall be paid directly by the individual participant, but the fee shall be equal for all participants. If a subscription fee is charged by the originator of the program, the district or institution may pay the subscription fee for all participants from the grant pursuant to this section or from any other public or private fund legally authorized to be used for this purpose. Printed materials designed to facilitate or complement telecommunications programs or electronic reproductions thereof may be made available for loan by the school district, community college or institution of higher education through the public library system subject to the normal rules and regulations of the lending system and in such quantities as may be approved by the governing body of the district or institution. The district or institution or the state board of education may make telecommunication equipment available for purchase at cost by or rental to any not for profit organization in this state which is exempt from taxation pursuant to subdivision (19) of subsection 2 of section 144.030, RSMo.

10. (1) In order to facilitate or complement telecommunications, local exchange telecommunications companies shall file with the public service commission tariffs for provision of local service to public school districts, and may file tariffs for provision of local service to accredited primary or secondary schools owned or operated by private entities and community college districts located within the local exchange telecommunications companies certified area. Such local exchange telecommunications companies shall seek commission authorization to provide local service at rates lower than those charged for business and residential service in effect when the tariff is filed, provided that the proposed rates may not be below the actual cost of providing the service. Upon approval of the public service commission, the rates shall not be classified as discriminatory for the purposes of chapter 392, RSMo.

(2) The public service commission may approve the tariff as submitted, or may, after hearing, modify the tariff in the public interest. The commission may promulgate rules to aid in the implementation of this section.".

Money apportioned for free textbooks shall be credited to the free textbook fund. All money derived from taxation or received from any other source for the erection of buildings or additions thereto and the remodeling or reconstruction of buildings and the furnishing thereof, for the payment of lease purchase obligations, for the purchase of real estate, or from sale of real estate, schoolhouses or other buildings of any kind, or school furniture, from insurance, from sale of bonds other than refunding bonds shall be placed to the credit of the capital projects fund. All moneys derived from the sale or lease of sites, buildings, facilities, furnishings and equipment by a school district as authorized under section 177.088, RSMo, shall be credited to the capital projects fund. Money derived from taxation for the retirement of bonds and the payment of interest thereon shall be credited to the debt service fund which shall be maintained as a separate bank account. Receipts from delinquent taxes shall be allocated to the several funds on the same basis as receipts from current taxes, except that where the previous years' obligations of the district would be affected by such distribution, the delinquent taxes shall be distributed according to the tax levies made for the years in which the obligations were incurred. All refunds received shall be placed to the credit of the fund from which the original expenditures were made. Money donated to the school districts shall be placed to the credit of the fund where it can be expended to meet the purpose for which it was donated and accepted. Money received from any other source whatsoever shall be placed to the credit of the fund or funds designated by the board.

2. Any and all payments authorized under section 177.088, RSMo, except as otherwise provided in this subsection, for the purchase or lease of sites, buildings, facilities, furnishings and equipment and all other expenditures for capital outlay shall be made from the capital projects fund. If a balance remains in the free textbook fund after books are furnished to pupils as provided in section 170.051, RSMo, it shall be transferred to the teachers' fund. The board may transfer the portion of the balance remaining in the incidental fund to the teachers' fund that is necessary for the total payment of all contracted obligations to teachers. If a balance remains in the debt service fund, after the total outstanding indebtedness for which the fund was levied is paid, the board may transfer the unexpended balance to the capital projects fund. If a balance remains in the bond proceeds after completion of the project for which the bonds were issued, the balance shall be transferred from the incidental or capital projects fund to the debt service fund. For the purposes of this subsection, the guaranteed tax base and a district's count of resident and nonresident eligible pupils educated in the district shall not be less than their respective values calculated from data for the 1992-93 school year.

"163.021. 1. A school district shall receive state aid for its education program only if it:

(1) Provides for a minimum of one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance in a term scheduled by the board pursuant to section 160.041, RSMo, for each pupil or group of pupils, except that the board shall provide a minimum of one hundred seventy-four days and five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all day students or six hours for one-half day kindergarten students, all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033, RSMo;

Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.

2. [No school district shall receive more state aid, as calculated in section 163.031, for its education program than it received per eligible pupil for the school year 1990-91, unless it levies an operating levy for school purposes of not less than two dollars after all adjustments and reductions beginning with the tax year which commences January 1, 1993. For the 1994-95 school year and subsequent school years,] No school district shall receive more state aid, as calculated under section 163.031 for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, unless it has an operating levy for current school purposes of not less than two dollars and seventy-five cents after all adjustments and reductions [beginning with] **based upon assessed valuations of** the tax year which commences January 1, 1994; except that, beginning in the 1997-98 school year, any district which is required, pursuant to article X, section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to section 10(c) of article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to article X, section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. [Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91.] The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to article X, section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program,

exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-1994, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. The department of elementary and secondary education shall evaluate the correlation between district tax rates and district assessed valuation per pupil following each biennial property tax reassessment and shall report its findings to the governor and the general assembly by December first of the year following each reassessment. The findings shall include a calculation of the minimum required property tax rate necessary to maintain a correlation of zero or less between district property tax rate and district assessed valuation per pupil and a report of assessed valuation per pupil and district property tax rate for all districts.

*"**Section 1. Sections 1 to 11 of this act apply to all group and individual life insurance policies and certificates except:***

(1) Variable life insurance;

(2) Individual and group annuity contracts;

(3) Credit life insurance;

(4) Policies written by a company with less than twenty-five million dollars in annual direct written life insurance premiums;

(5) Life insurance policies with no illustrated death benefits on any individual exceeding ten thousand dollars;

(6) Life insurance policies containing guaranteed elements exclusively; or

(7) Single premium policies.

Section 2. As used in sections 1 to 11 of this act, the following terms shall mean:

(1) "Actuarial standards board", the board established by the American Academy of Actuaries to develop and promulgate standards of actuarial practice;

(2) "Contract premium", the gross premium that is required to be paid under a fixed premium policy, including the premium for a rider for which benefits are shown in the illustration;

(3) "Currently payable scale", a scale of nonguaranteed elements in effect for a policy form as of the preparation date of the illustration or declared to become effective within the next ninety-five days;

(4) "Disciplined current scale", a scale of nonguaranteed elements constituting a limit on illustrations currently being illustrated by an insurer that is reasonably based on actual recent historical experience, as certified annually by an illustration actuary designated by the insurer. Further guidance in determining the disciplined current scale as contained in standards established by the actuarial standards board may be relied upon if the standards:

(a) Are consistent with sections 1 to 11 of this act;

(b) Limit a disciplined current scale to reflect only actions that have already been taken or events that have already occurred;

(c) Do not permit a disciplined current scale to include any projected trends of improvements in experience or any assumed improvements in experience beyond the illustration date; and

(d) Do not permit assumed expenses to be less than minimum assumed expenses;

(5) "Generic name", a short title descriptive of the policy being illustrated such as "whole life", "term life" or "flexible premium adjustable life";

(6) "Guaranteed elements", the premiums, benefits, values, credits or charges under a policy of life insurance that are guaranteed and determined at issue;

(7) "Illustrated scale", a scale of nonguaranteed elements currently being illustrated that is not more favorable to the policy owner than the lesser of:

(a) The disciplined current scale; or

(b) The currently payable scale;

(8) "Illustration", a presentation or depiction that includes nonguaranteed elements of a policy of life insurance over a period of years and that is one of the three types defined below:

(a) "Basic illustration", a ledger or proposal used in the sale of a life insurance policy that shows both guaranteed and nonguaranteed elements;

(b) "Supplemental illustration", an illustration furnished in addition to a basic illustration that meets the applicable requirements of sections 1 to 11 of this act, and that may be presented in a format differing from the basic illustration, but may only depict a scale of nonguaranteed elements that is permitted in a basic illustration;

(c) "In force illustration", an illustration furnished at any time after the policy that it depicts has been in force for one year or more;

(9) "Illustration actuary", an actuary meeting the requirements of section 9 of this act who certifies to illustrations based on the standard practice promulgated by the actuarial standards board;

(10) "Lapse-supported illustration", an illustration of a policy form failing the test of self-supporting illustration as defined in subdivision (16) of this section, under a modified persistency rate assumption using persistency rates underlying the disciplined current scale for the first five years and one hundred percent policy persistency thereafter;

(11) "Minimum assumed expenses", the minimum expenses that may be used in the calculation of the disciplined current scale for a policy form. The insurer may choose to designate each year the method of determining assumed expenses for all policy forms from the following:

(a) Fully allocated expenses;

(b) Marginal expenses; and

(c) A generally recognized expense table on fully allocated expenses representing a significant portion of insurance companies and approved by the National Association of Insurance Commissioners.

Marginal expenses may be used only if greater than a generally recognized expense table. If no generally recognized expense table is approved, fully allocated expenses shall be used;

(12) "Nonguaranteed elements", the premiums, benefits, values, credits or charges under a policy of life insurance that are not guaranteed or not determined at issue;

(13) "Nonterm group life", a group policy or individual policies of life insurance issued to members of an employer group or other permitted group where:

(a) Every plan of coverage was selected by the employer or other group representative;

(b) Some portion of the premium is paid by the group or through payroll deduction; and

(c) Group underwriting or simplified underwriting is used;

(14) "Policy owner", the owner named in the policy or the certificate holder in the case of a group policy;

(15) "Premium outlay", the amount of premium assumed to be paid by the policy owner or other premium payer out-of-pocket;

(16) "Self-supporting illustration", an illustration of a policy form for which it can be demonstrated that, when using experience assumptions underlying the disciplined current scale, for all illustrated points in time on or after the fifteenth policy anniversary or the twentieth policy anniversary for second-or-later-to-die policies, or upon policy expiration if sooner, the accumulated value of all policy cash flows equals or exceeds the total policy owner value available. For this purpose, policy owner value shall include cash surrender values and any other illustrated benefit amounts available at the policy owner's election.

Section 3. 1. Each insurer marketing policies to which sections 1 to 11 of this act are applicable shall notify the director of the department of insurance whether a policy form is to be marketed with or without an illustration. For all policy forms being actively marketed on August 28, 1998, the insurer shall identify in writing those forms and whether or not an illustration will be used with them. For policy forms filed after August 28, 1998, the identification shall be made at the time of filing. Any previous identification may be changed by notice to the director of the department of insurance.

2. If the insurer identifies a policy form as one to be marketed without an illustration, any use of an illustration for any policy using that form prior to the first policy anniversary is prohibited.

3. If a policy form is identified by the insurer as one to be marketed with an illustration, a basic illustration prepared and delivered in accordance with sections 1 to 11 of this act is required, except that a basic illustration need not be provided to individual members of a group or to individuals insured under multiple lives coverage issued to a single applicant unless the coverage is marketed to these individuals. The illustration furnished an applicant for a group life insurance policy or policies issued to a single applicant on multiple lives may be either an individual or composite illustration representative of the coverage on the lives of members of the group or the multiple lives covered.

4. Potential enrollees of nonterm group life subject to sections 1 to 11 of this act shall be furnished a quotation with the enrollment materials. The quotation shall show potential policy values for sample ages and policy years on a guaranteed and nonguaranteed basis appropriate to the group and the coverage. This quotation shall not be considered an illustration for purposes of sections 1 to 11 of this act, but all information provided shall be consistent with the illustrated scale. A basic illustration shall be provided at delivery of the certificate to enrollees for nonterm group life who enroll for more than the minimum premium necessary to provide pure death benefit protection. In addition, the insurer shall make a basic illustration available to any nonterm group life enrollee who requests it.

Section 4. 1. An illustration used in the sale of a life insurance policy shall satisfy the applicable requirements of sections 1 to 11 of this act, be clearly labeled "life insurance illustration" and contain the following basic information:

(1) Name of insurer;

(2) Name and business address of producer or insurer's authorized representative, if any;

(3) Name, age and sex of proposed insured, except where a composite illustration is permitted pursuant to sections 1 to 11 of this act;

(4) Underwriting or rating classification upon which the illustration is based;

(5) Generic name of policy, the company product name, if different, and form number;

(6) Initial death benefit; and

(7) Dividend option election or application of nonguaranteed elements, if applicable.

2. When using an illustration in the sale of a life insurance policy, an insurer or its producers or other authorized representatives shall not:

(1) Represent the policy as anything other than a life insurance policy;

(2) Use or describe nonguaranteed elements in a manner that is misleading or has the capacity or tendency to mislead;

(3) State or imply that the payment or amount of nonguaranteed elements is guaranteed;

(4) Use an illustration that does not comply with the requirements of sections 1 to 11 of this act;

(5) Use an illustration that at any policy duration depicts policy performance more favorable to the policy owner than that produced by the illustrated scale of the insurer whose policy is being illustrated;

(6) Provide an applicant with an incomplete illustration;

(7) Represent in any way that premium payments will not be required for each year of the policy in order to maintain the illustrated death benefits, unless that is the fact;

(8) Use the term "vanish" or "vanishing premium", or a similar term that implies the policy becomes paid up, to describe a plan for using nonguaranteed elements to pay a portion of future premiums;

(9) Except for policies that can never develop nonforfeiture values, use an illustration that is "lapse-supported"; or

(10) Use an illustration that is not "self-supporting".

3. If an interest rate used to determine the illustrated nonguaranteed elements is shown, it shall not be greater than the earned interest rate underlying the disciplined current scale.

Section 5. 1. A basic illustration shall conform with the following requirements:

(1) The illustration shall be labeled with the date on which it was prepared;

(2) Each page, including any explanatory notes or pages, shall be numbered and show its relationship to the total number of pages in the illustration;

(3) The assumed dates of payment receipt and benefit pay-out within a policy year shall be clearly identified;

(4) If the age of the proposed insured is shown as a component of the tabular detail, it shall be issue age plus the numbers of years the policy is assumed to have been in force;

(5) The assumed payments on which the illustrated benefits and values are based shall be identified as premium outlay or contract premium, as applicable. For policies that do not require a specific contact premium, the illustrated payments shall be identified as premium outlay;

(6) Guaranteed death benefits and values available upon surrender, if any, for the illustrated premium outlay or contract premium shall be shown and clearly labeled guaranteed;

(7) If the illustration shows any nonguaranteed elements, they cannot be based on a scale more favorable to the policy owner than the insurer's illustrated scale at any duration. These elements shall be clearly labeled nonguaranteed;

(8) The guaranteed elements, if any, shall be shown before corresponding nonguaranteed elements and shall be specifically referred to on any page of an illustration that shows or describes only the nonguaranteed elements;

(9) The account or accumulation value of a policy, if shown, shall be identified by the name this value is given in the policy being illustrated and shown in close proximity to the corresponding value available upon surrender;

(10) The value available upon surrender shall be identified by the name this value is given in the policy being illustrated and shall be the amount available to the policy owner in a lump sum after deduction of surrender charges, policy loans and policy loan interest as applicable;

(11) Illustrations may show policy benefits and values in graphic or chart form in addition to the tabular form;

(12) Any illustration of nonguaranteed elements shall be accompanied by a statement indicating that:

(a) The benefits and values are not guaranteed;

(b) The assumptions on which they are based subject to change by the insurer; and

(c) Actual results may be more or less favorable;

(13) If the illustration shows that the premium payer may have the option to allow policy charges to be paid using nonguaranteed values, the illustration shall clearly disclose that a charge continues to be required and that, depending on actual results, the premium payer may need to continue or resume premium outlays. Similar disclosure shall be made for premium outlay of lesser amounts or shorter durations than the contract premium. If a contract premium is due, the premium outlay display shall not be left blank or show zero unless accompanied by an asterisk or similar mark to draw attention to the fact that the policy is not paid up;

(14) If the applicant plans to use dividends or policy values, guaranteed or nonguaranteed, to pay all or a portion of the contract premium or policy charges, or for any other purpose, the illustration may reflect those plans and the impact on future policy benefits and values.

2. A basic illustration shall include the following:

(1) A brief description of the policy being illustrated, including a statement that it is a life insurance policy;

(2) A brief description of the premium outlay or contract premium, as applicable, for the policy. For a policy that does not require payment of a specific contract premium, the illustration shall show the premium outlay that shall be paid to guarantee coverage for the term of the contract, subject to maximum premiums allowable to qualify as a life insurance policy pursuant to the applicable provisions of the Internal Revenue Code;

(3) A brief description of any policy features, riders or options, guaranteed or nonguaranteed, shown in the basic illustration and the impact they may have on the benefits and values of the policy;

(4) Identification and a brief definition of column headings and key terms used in the illustration; and

(5) A statement containing in substance the following: "This illustration assumes that the currently illustrated nonguaranteed elements will continue unchanged for all years shown. This is not likely to occur, and actual results may be more or less favorable than those shown.".

3. Following the narrative summary, a basic illustration shall include a numeric summary of the death benefits and values and the premium outlay and contract premium, as applicable. For a policy that provides for a contract premium, the guaranteed death benefits and values shall be based on the contract premium. This summary shall be shown for at least policy years five, ten and twenty and at age seventy, if applicable, on the three bases shown in subdivisions (1) to (3) of this subsection. For multiple life policies the summary shall show policy years five, ten, twenty and thirty.

(1) Policy guarantees;

(2) Insurer's illustrated scale;

(3) Insurer's illustrated scale used but with the nonguaranteed elements reduced as follows:

(a) Dividends at fifty percent of the dividends contained in the illustrated scale used;

(b) Nonguaranteed credited interest at rates that are the average of the guaranteed rates and the rates contained in the illustrated scale used; and

(c) All nonguaranteed charges, including but not limited to, term insurance charges, mortality and expense charges, at rates that are the average of the guaranteed rates and the rates contained in the illustrated scale used.

In addition, if coverage would cease prior to policy maturity or age one hundred, the year in which coverage ceases shall be identified for each of the three bases.

4. Statements substantially similar to the following shall be included on the same page as the numeric summary and signed by the applicant, or the policy owner in the case of an illustration provided at time of delivery, as required in sections 1 to 11 of this act:

(1) A statement to be signed and dated by the applicant or policy owner reading as follows: "I have received a copy of this illustration and understand that any nonguaranteed elements illustrated are subject to change and could be either higher or lower. The agent has told me they are not guaranteed."; and

(2) A statement to be signed and dated by the insurance producer or other authorized representative of the insurer reading as follows: "I certify that this illustration has been presented to the applicant and that I have explained that any nonguaranteed elements illustrated are subject to change. I have made no statements that are inconsistent with the illustration.".

5. (1) A basic illustration shall include the following for at least each policy year from one to ten and for every fifth policy thereafter ending at age one hundred, policy maturity or final expiration; and except for term insurance beyond the twentieth year, for any year in which the premium outlay and contract premium, if applicable, is to change:

(a) The premium outlay and mode the applicant plans to pay and the contract premium, as applicable;

(b) The corresponding guaranteed death benefit, as provided in the policy; and

(c) The corresponding guaranteed value available upon surrender, as provided in the policy.

(2) For a policy that provides for a contract premium, the guaranteed death benefit and value available upon surrender shall correspond to the contract premium.

(3) Nonguaranteed elements may be shown if described in the contract. In the case of an illustration for a policy on which the insurer intends to credit terminal dividends, they may be shown if the insurer's current practice is to pay terminal dividends. If any nonguaranteed elements are shown, they shall be shown at the same durations as the corresponding guaranteed elements, if any. If no guaranteed benefit or value is available at any duration for which a nonguaranteed benefit or value is shown, a zero shall be displayed in the guaranteed column.

Section 6. 1. A supplemental illustration may be provided so long as:

(1) It is appended to, accompanied by or preceded by a basic illustration that complies with sections 1 to 11 of this act;

(2) The nonguaranteed elements shown are not more favorable to the policy owner than the corresponding elements based on the scale used in the basic illustration;

(3) It contains the same statement required of a basic illustration that nonguaranteed elements are not guaranteed; and

(4) For a policy that has a contract premium, the contract premium underlying the supplemental illustration is equal to the contract premium shown in the basic illustration. For policies that do not require a contract premium, the premium outlay underlying the supplemental illustration shall be equal to the premium outlay shown in the basic illustration.

2. The supplemental illustration shall include a notice referring to the basic illustration for guaranteed elements and other important information.

Section 7. 1. (1) If a basic illustration is used by an insurance producer or other authorized representative of the insurer in the sale of a life insurance policy and the policy is applied for as illustrated, a copy of that illustration, signed in accordance with sections 1 to 11 of this act, shall be submitted to the insurer at the time of policy application. A copy also shall be provided to the applicant.

(2) If the policy is issued other than as applied for, a revised basic illustration conforming to the policy as issued shall be sent with the policy. The revised illustration shall conform to the requirements of sections 1 to 11 of this act, shall be labeled "Revised Illustration" and shall be signed and dated by the applicant or policy owner and producer or other authorized representative of the insurer no later than the time the policy is delivered. A copy shall be provided to the insurer and the policy owner.

2. (1) If no illustration is used by an insurance producer or other authorized representative in the sale of a life insurance policy or if the policy is applied for other than as illustrated, the producer or representative shall certify to that effect in writing on a form provided by the insurer. On the same form the applicant shall acknowledge that no illustration conforming to the policy applied for was provided and shall further acknowledge an understanding that an illustration conforming to the policy as issued will be provided no later than at the time of policy delivery. This form shall be submitted to the insurer at the time of policy application.

(2) If the policy is issued, a basic illustration conforming to the policy as issued shall be sent with the policy and signed no later than the time the policy is delivered. A copy shall be provided to the insurer and the policy owner.

3. If the basic illustration or revised illustration is sent to the applicant or policy owner by mail from the insurer, it shall include instructions for the applicant or policy owner to sign the duplicate copy of the numeric summary page of the illustration for the policy issued and return the signed copy to the insurer. The insurer's obligation pursuant to this subsection shall be satisfied if it can demonstrate that it has made a diligent effort to secure a signed copy of the numeric summary page. The requirement to make a diligent effort shall be deemed satisfied if the insurer includes in the mailing a self-addressed postage prepaid envelope with instructions for the return of the signed numeric summary page.

4. A copy of the basic illustration and a revised basic illustration, if any, signed as applicable, along with any certification that either no illustration was used or that the policy was applied for other than as illustrated, shall be retained by the insurer until three years after the policy is no longer in force. A copy need not be retained if no policy is issued.

Section 8. 1. In the case of a policy designated as one for which illustrations will be used, the insurer shall provide each policy owner with an annual report on the status of the policy that shall contain at least the following information:

(1) For universal life policies, the report shall include the following:

(a) The beginning and end date of the current report period;

(b) The policy value at the end of the previous report period and at the end of the current report period;

(c) The total amounts that have been credited or debited to the policy value during the current report period, identifying each by type (e.g., interest, mortality, expense and riders);

(d) The current death benefit at the end of the current report period on each life covered by the policy;

(e) The net cash surrender value of the policy as of the end of the current report period;

(f) The amount of outstanding loans, if any, as of the end of the current report period; and

(g) For fixed premium policies if, assuming guaranteed interest, mortality and expense loads and continued scheduled premium payments, the policy's net cash surrender value is such that it would not maintain insurance in force until the end of the next reporting period, a notice to this effect shall be included in the report; or

(h) For flexible premium policies if, assuming guaranteed interest, mortality and expense loads, the policy's net cash surrender value will not maintain insurance in force until the end of the next reporting period unless further premium payments are made, a notice to this effect shall be included in the report.

(2) For all other policies, where applicable:

(a) Current death benefit;

(b) Annual contract premium;

(c) Current cash surrender value;

(d) Current dividend;

(e) Application of current dividend; and

(f) Amount of outstanding loan.

(3) Insurers writing life insurance policies that do not build nonforfeiture values shall only be required to provide an annual report with respect to these policies for those years when a change has been made to nonguaranteed policy elements by the insurer.

2. If the annual report does not include an in-force illustration, it shall contain the following notice displayed prominently: "IMPORTANT POLICY OWNER NOTICE: You should consider requesting more detailed information about your policy to understand how it may perform in the future. You should not consider replacement of your policy or make changes in your coverage without requesting a current illustration. You may annually request, without charge, such an illustration by calling . . . . . (insurer's phone number), writing to . . . . . (insurer's name) at . . . . . (insurer's address) or contacting your agent. If you do not receive a current illustration of your policy within thirty days from your request, you should contact your state insurance department." The insurer may vary the sequential order of the methods for obtaining an in-force illustration.

3. Upon the request of the policy owner, the insurer shall furnish an in-force illustration of current and future benefits and values based on the insurer's present illustrated scale. This illustration shall comply with the requirements of subsections 1 and 2 of section 4 of this act and subsections 1 and 5 of section 5 of this act. No signature or other acknowledgement of receipt of this illustration shall be required.

4. If an adverse change in nonguaranteed elements that could affect the policy has been made by the insurer since the last annual report, the annual report shall contain a notice of that fact and the nature of the change prominently displayed.

Section 9. 1. The board of directors of each insurer shall appoint one or more illustration actuaries.

2. The illustration actuary shall certify that the disciplined current scale used in illustrations is in conformity with the actuarial standard of practice for compliance with the NAIC model regulation of life insurance illustrations promulgated by the actuarial standards board, and that the illustrated scales used in insurer-authorized illustrations meet the requirements of sections 1 to 11 of this act.

3. The illustration actuary shall:

(1) Be a member in good standing of the American Academy of Actuaries;

(2) Be familiar with the standard of practice regarding life insurance policy illustrations;

(3) Not have been found by the director of the department of insurance, following appropriate notice and hearing to have:

(a) Violated any provision of, or any obligation imposed by, the insurance law or other law in the course of his or her dealings as an illustration actuary;

(b) Been found guilty of fraudulent or dishonest practices;

(c) Demonstrated his or her incompetence, lack of cooperation, or untrustworthiness to act as an illustration actuary; or

(d) Resigned or been removed as an illustration actuary within the past five years as a result of acts or omissions indicated in any adverse report on examination or as a result of a failure to adhere to generally acceptable actuarial standards;

(4) Not fail to notify the director of the department of insurance of any action taken by a commissioner or director of insurance of another state similar to that pursuant to subdivision (3) of this subsection;

(5) Disclose in the annual certification whether, since the last certification, a currently payable scale applicable for business issued within the previous five years and within the scope of the certification has been reduced for reasons other than changes in the experience factors underlying the disciplined current scale. If nonguaranteed elements illustrated for new policies are not consistent with those illustrated for similar in-force policies, this shall be disclosed in the annual certification. If nonguaranteed elements illustrated for both new and in-force policies are not consistent with the nonguaranteed elements actually being paid, charged or credited to the same or similar forms, this shall be disclosed in the annual certification; and

(6) Disclose in the annual certification the method used to allocate overhead expenses for all illustrations:

(a) Fully allocated expenses;

(b) Marginal expenses; or

(c) A generally recognized expense table based on fully allocated expenses representing a significant portion of insurance companies and approved by the director of the department of insurance.

4. (1) The illustration actuary shall file a certification with the board and with the director of the department of insurance:

(a) Annually for all policy forms for which illustrations are used; and

(b) Before a new policy form is illustrated.

(2) If an error in a previous certification is discovered, the illustration actuary shall notify the board of directors of the insurer and the director of the department of insurance promptly.

5. If an illustration actuary is unable to certify the scale for any policy form illustration the insurer intends to use, the actuary shall notify the board of directors of the insurer and the director of the department of insurance promptly of his or her inability to certify.

6. A responsible officer of the insurer, other than the illustration actuary, shall certify annually:

(1) That the illustration formats meet the requirements of sections 1 to 11 of this act and that the scales used in insurer-authorized illustrations are those scales certified by the illustration actuary; and

(2) That the company has provided its agents with information about the expense allocation method used by the company in its illustrations and disclosed as required in subdivision (6) of subsection 3 of this section.

7. The annual certifications shall be provided to the director of the department of insurance each year by a date determined by the insurer.

8. If an insurer changes the illustration actuary responsible for all or a portion of the company's policy forms, the insurer shall notify the director of the department of insurance of that fact promptly and disclose the reason for the change.

Section 10. In addition to any other penalties provided by the laws of this state, an insurer or producer that violates a requirement of sections 1 to 11 of this act shall be guilty of an unfair trade practice pursuant to sections 375.930 to 375.948, RSMo.

Section 11. Sections 1 to 11 of this act shall only apply to policies governed by sections 1 to 11 of this act which are marketed after January 1, 1999.*"; and*

House Journal

Second Regular Session, 89th General Assembly

SEVENTY-SECOND DAY, Tuesday, May 12, 1998

Speaker Pro Tem Kreider in the Chair.

Prayer by Reverend Cheryl L. Tatham.

Gracious God, as we pray for Your blessings on the Members of this House, we are also mindful of those in the gallery who join us in this prayer. We give You thanks for the youth of these United States, leaders of today and tomorrow, the young people who may someday be standing in this Chamber. We thank You for their faith in America and we pray that nothing done or said in this place will cause them to think any less of the institutions we cherish. Challenge them, and us, we pray, with a vision of good citizenship and a love for all that is good in America and a desire to make it even better. Give us now Your guidance for this day, Your undergirding for this last week of session, and the reassurance of Your everlasting love. O Lord, hear our prayer. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Christina Monaco, Travis Mayes, Christina Rouse, Joe Robichaud, Lura Scott, Andrea Wyant, Stefanie Hausner, Zachary Hausner, Toby Hausner, Joanna Toleno, Emily Lohrrman, Brittne Stoball, Rachel Huebel, Stephen Fischer, Jackie Prayson, Jeff Gazlay, Kristen Walker, Nick Estell, Travis Mayes, Peter Kinder, Alex Kelley, Kelley Marcum, Kevin Klein, and Alex Endsley.

"135.100. As used in sections 135.100 to 135.150 the following terms shall mean:

(1) "Commencement of commercial operations" shall be deemed to occur during the first taxable year for which the new business facility is first available for use by the taxpayer, or first capable of being used by the taxpayer, in the revenue producing enterprise in which the taxpayer intends to use the new business facility;

(2) "Existing business facility", any facility in this state which was employed by the taxpayer claiming the credit in the operation of a revenue producing enterprise immediately prior to an expansion, acquisition, addition, or replacement;

(3) "Facility", any building used as a revenue producing enterprise located within the state, including the land on which the facility is located and all machinery, equipment and other real and depreciable tangible personal property acquired for use at and located at or within such facility and used in connection with the operation of such facility;

(4) "New business facility", a facility which satisfies the following requirements:

(a) Such facility is employed by the taxpayer in the operation of a revenue producing enterprise. Such facility shall not be considered a new business facility in the hands of the taxpayer if the taxpayer's only activity with respect to such facility is to lease it to another person or persons. If the taxpayer employs only a portion of such facility in the operation of a revenue producing enterprise, and leases another portion of such facility to another person or persons or does not otherwise use such other portions in the operation of a revenue producing enterprise, the portion employed by the taxpayer in the operation of a revenue producing enterprise shall be considered a new business facility, if the requirements of paragraphs (b), (c), (d) and (e) of this subdivision are satisfied;

(b) Such facility is acquired by, or leased to, the taxpayer after December 31, 1983. A facility shall be deemed to have been acquired by, or leased to, the taxpayer after December 31, 1983, if the transfer of title to the taxpayer, the transfer of possession pursuant to a binding contract to transfer title to the taxpayer, or the commencement of the term of the lease to the taxpayer occurs after December 31, 1983, or, if the facility is constructed, erected or installed by or on behalf of the taxpayer, such construction, erection or installation is commenced after December 31, 1983;

(c) If such facility was acquired by the taxpayer from another person or persons and such facility was employed immediately prior to the transfer of title to such facility to the taxpayer, or to the commencement of the term of the lease of such facility to the taxpayer, by any other person or persons in the operation of a revenue producing enterprise, the operation of the same or a substantially similar revenue producing enterprise is not continued by the taxpayer at such facility;

(d) Such facility is not a replacement business facility, as defined in subdivision (10) of this section; and

(e) The new business facility investment exceeds one hundred thousand dollars during the tax period in which the credits are claimed;

(5) "New business facility employee", a person employed by the taxpayer in the operation of a new business facility during the taxable year for which the credit allowed by section 135.110 is claimed, except that truck drivers and rail and barge vehicle operators shall not constitute new business facility employees. A person shall be deemed to be so employed if such person performs duties in connection with the operation of the new business facility on:

(a) A regular, full-time basis; or

(b) A part-time basis, provided such person is customarily performing such duties an average of at least twenty hours per week; or

(c) A seasonal basis, provided such person performs such duties for at least eighty percent of the season customary for the position in which such person is employed;

(6) "New business facility income", the Missouri taxable income, as defined in chapter 143, RSMo, derived by the taxpayer from the operation of the new business facility. For the purpose of apportionment as prescribed in this subdivision, the term "Missouri taxable income" means, in the case of insurance companies, direct premiums as defined in chapter 148, RSMo. If a taxpayer has income derived from the operation of a new business facility as well as from other activities conducted within this state, the Missouri taxable income derived by the taxpayer from the operation of the new business facility shall be determined by multiplying the taxpayer's Missouri taxable income, computed in accordance with chapter 143, RSMo, or in the case of an insurance company, computed in accordance with chapter 148, RSMo, by a fraction, the numerator of which is the property factor, as defined in paragraph (a) of this subdivision, plus the payroll factor, as defined in paragraph (b) of this subdivision, and the denominator of which is two:

(a) The property factor is a fraction, the numerator of which is the new business facility investment certified for the tax period, and the denominator of which is the average value of all the taxpayer's real and depreciable tangible personal property owned or rented and used in this state during the tax period. The average value of all such property shall be determined as provided in chapter 32, RSMo;

(b) The payroll factor is a fraction, the numerator of which is the total amount paid during the tax period by the taxpayer for compensation to persons qualifying as new business facility employees, as determined by subsection 4 of section 135.110, at the new business facility, and the denominator of which is the total amount paid in this state during the tax period by the taxpayer for compensation. The compensation paid in this state shall be determined as provided in chapter 32, RSMo. For the purpose of this subdivision, "other activities conducted within this state" shall include activities previously conducted at the expanded, acquired or replaced facility at any time during the tax period immediately prior to the tax period in which commencement of commercial operations occurred;

(7) "New business facility investment", the value of real and depreciable tangible personal property, acquired by the taxpayer as part of the new business facility, which is used by the taxpayer in the operation of the new business facility, during the taxable year for which the credit allowed by section 135.110 is claimed, except that trucks, truck-trailers, truck semitrailers, rail and barge vehicles and other rolling stock for hire, track, switches, barges, bridges, tunnels and rail yards and spurs shall not constitute new business facility investments. The total value of such property during such taxable year shall be:

(a) Its original cost if owned by the taxpayer; or

(b) Eight times the net annual rental rate, if leased by the taxpayer. The net annual rental rate shall be the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals. The new business facility investment shall be determined by dividing by twelve the sum of the total value of such property on the last business day of each calendar month of the taxable year. If the new business facility is in operation for less than an entire taxable year, the new business facility investment shall be determined by dividing the sum of the total value of such property on the last business day of each full calendar month during the portion of such taxable year during which the new business facility was in operation by the number of full calendar months during such period;

(8) "Office", a regional, national or international headquarters, a telemarketing operation, an insurance company, a passenger transportation ticket/reservation system or a credit card billing and processing center. For the purposes of this subdivision, "headquarters" means the administrative management of at least four integrated facilities operated by the taxpayer or related taxpayer. An office, as defined in this subdivision, when established must create and maintain positions for a minimum number of twenty-five new business facility employees as defined in subdivision (5) of this section;

(9) "Related taxpayer" shall mean:

(a) A corporation, partnership, trust or association controlled by the taxpayer;

(b) An individual, corporation, partnership, trust or association in control of the taxpayer; or

(c) A corporation, partnership, trust or association controlled by an individual, corporation, partnership, trust or association in control of the taxpayer. For the purposes of sections 135.100 to 135.150, "control of a corporation" shall mean ownership, directly or indirectly, of stock possessing at least fifty percent of the total combined voting power of all classes of stock entitled to vote; "control of a partnership or association" shall mean ownership of at least fifty percent of the capital or profits interest in such partnership or association; and "control of a trust" shall mean ownership, directly or indirectly, of at least fifty percent of the beneficial interest in the principal or income of such trust; ownership shall be determined as provided in section 318 of the U.S. Internal Revenue Code;

(10) "Replacement business facility", a facility otherwise described in subdivision (4) of this section, hereafter referred to in this subdivision as "new facility", which replaces another facility, hereafter referred to in this subdivision as "old facility", located within the state, which the taxpayer or a related taxpayer previously operated but discontinued operating on or before the close of the first taxable year in which the credit allowed by this section is claimed. A new facility shall be deemed to replace an old facility if the following conditions are met:

(a) The old facility was operated by the taxpayer or a related taxpayer during the taxpayer's or related taxpayer's taxable period immediately preceding the taxable year in which commencement of commercial operations occurs at the new facility; and
